The Board of Directors recommends that you vote as follows:

- **“FOR”** the re-election of all director nominees named in “Proposal 1: Election of Directors” of this proxy statement.

- “**FOR**” the approval, on a non-binding advisory basis, of our executive compensation as disclosed in the proxy statement that accompanies this notice and as described in “Proposal 2: Advisory Vote on Executive Compensation” of this proxy statement.
- “**FOR**” the approval, on a non-binding advisory basis, of every one year as the frequency that our stockholders will have a non-binding, advisory vote on our executive compensation as described in the “Proposal 3: Advisory Vote on the Frequency of an Advisory Vote on Executive Compensation” of this proxy statement.

If any other matter is properly presented at the meeting or any adjournment, the proxy card provides that your shares will be voted by the proxy holder listed on the proxy card in accordance with his or her best judgment. At the time this proxy statement was printed, we knew of no matters that needed to be acted on at the meeting, other than those discussed in this proxy statement.

What Constitutes A Quorum For The Meeting?

Of the 67,530,757 shares of common stock outstanding as of the Record Date, the holders of at least one-third (1/3) of those shares, or at least 22,510,253 shares, must be present at the meeting in person or represented by proxy to hold the meeting and conduct business. Once a quorum is established at a meeting, it shall not be broken by the withdrawal of enough votes to leave less than a quorum. Shares held by stockholders of record who are present at the meeting in person or by proxy are counted for purposes of determining whether a quorum exists. Abstentions and “broker non-votes” are also counted as present and entitled to vote for purposes of determining whether a quorum exists. If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

What Are The Voting Requirements To Approve A Proposal?

Election of directors

Director nominees will be elected by a plurality of votes cast, which means that the director nominees receiving the highest number of votes will be elected. In voting to elect nominees to the Board of Directors, stockholders may vote in favor of all the nominees or any individual nominee or withhold their votes as to all the nominees or any individual nominee. Only “FOR” and “WITHHOLD” votes will affect the outcome. Abstentions and broker non-votes will have no effect on Proposal 1.

Approval of non-binding advisory resolution on executive compensation

You may vote “FOR,” “AGAINST” or “ABSTAIN” on the advisory vote to approve executive compensation. Approval requires the affirmative vote of the majority of shares present in person or represented by proxy at the meeting and entitled to vote on the resolution. The outcome of this vote is not binding; however, the Board of Directors and the Compensation Committee will consider the outcome of the vote when developing and reviewing the future executive compensation plans. Abstentions and broker non-votes will have no effect on Proposal 2.

Vote on a non-binding advisory resolution regarding the frequency of the vote regarding executive compensation

Stockholders will be asked to vote on whether to advise us to include in our proxy statement a non-binding, advisory vote on executive compensation every year, two years or three years. You may vote “One Year,” “Two Years,” “Three Years” or “ABSTAIN.” If a quorum is present, the outcome of this vote will be determined by a plurality of the votes cast, which means that, while the outcome of this vote is not binding on us, we will take under advisement the choice (every year, two years or three years) that receives the most votes. Abstentions and broker non-votes have no effect on Proposal 3.

Adoption of amendments to the Protalix BioTherapeutics, Inc. 2006 Stock Incentive Plan, as amended, to increase the number of authorized shares of common stock reserved for issuance under the plan and to amend certain other terms of the plan

You may vote “FOR,” “AGAINST” or “ABSTAIN” on the adoption of an amendment to the Protalix BioTherapeutics, Inc. 2006 Stock Incentive Plan, as amended, to increase the number of authorized shares of common stock reserved for issuance under the plan. If a quorum is present, adoption of the amendment requires that the number of votes cast at the meeting in favor of adoption exceeds the number of votes cast opposing adoption. Abstentions and broker non-votes will have no effect on Proposal 4.

Amendment to Certificate of Incorporation, as amended, to increase the number of authorized shares of common stock

You may vote “FOR,” “AGAINST” or “ABSTAIN” on the proposal to amend our Certificate of Incorporation, as amended, to increase the number of shares of our common stock authorized for issuance from 144,000,000 to 185,000,000. The affirmative vote of a majority of the shares of our common stock outstanding and entitled to vote at the meeting is required to approve the amendment to our Certificate of Incorporation, as amended, to increase the number of authorized shares of common stock from 144,000,000 to 185,000,000. Abstentions will have the same effect as an “against” vote on Proposal 5.

Ratification of the selection of Kesselman & Kesselman as our independent auditor

You may vote “FOR,” “AGAINST” or “ABSTAIN” on the ratification of the selection of Kesselman & Kesselman to serve as our principal independent registered public accounting firm for the fiscal year ending December 31, 2023. Ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of the majority of shares present in person or represented by proxy at the meeting and entitled to vote on the. Abstentions will have no effect on Proposal 6.

How Are My Votes Cast When I Sign And Return A Proxy Card?

When you sign the proxy card or submit your proxy by telephone or over the Internet, you appoint Dror Bashan, our President and Chief Executive Officer, and Eyal Rubin, our Sr. Vice President and Chief Financial Officer, as your representatives at the meeting. Either Dror Bashan or Eyal Rubin will vote your shares at the meeting as you have instructed them on the proxy card. Each such person may appoint a substitute for himself.

Even if you plan to attend the meeting, it is a good idea to complete, sign and return your proxy card or submit your proxy by telephone or over the Internet in advance of the meeting in case your plans change. This way, your shares will be voted by you whether or not you actually attend the meeting. We recommend arriving early to the meeting as there may be delays at the entrance to the meeting venue.

May I Revoke My Proxy?

If you give us your proxy, you may revoke it at any time before it is voted at the meeting. There will be no double counting of votes. You may revoke your proxy in any one of the following ways:

- entering a new vote or by granting a new proxy card or new voting instruction bearing a later date (which automatically revokes the earlier instructions);

- if your shares are held in street name, re-voting by Internet or by telephone as instructed above (only your latest Internet or telephone vote will be counted);
- notifying our Corporate Secretary, Eyal Rubin, in writing before the meeting that you have revoked your proxy; or
- attending the meeting in person and voting in person. Attending the meeting in person will not in and of itself revoke a previously submitted proxy unless you specifically request it.

Can My Broker Vote My Shares For Me?

A broker “non-vote” occurs when a broker or nominee holding shares for a beneficial owner does not vote on a particular matter because the matter is not routine and such broker or nominee does not have the discretionary voting authority to vote the shares for which it is the holder of record with respect to a particular matter at the meeting and such broker or nominee has not received instructions from the beneficial owner. Broker “non-votes,” and shares as to which proxy authority has been withheld with respect to any matter, are generally not deemed to be entitled to vote for purposes of determining whether stockholders’ approval of that matter has been obtained. Pursuant to New York Stock Exchange (“NYSE”) Rule 452, the uncontested election of directors (Proposal No. 1), the approval of a non-binding advisory resolution on executive compensation (Proposal No. 2), the vote on a non-binding advisory resolution regarding the frequency of the vote regarding executive compensation (Proposal No. 3) and the adoption of amendments to the Protalix BioTherapeutics, Inc. 2006 Stock Incentive Plan which increase the number of shares of common stock authorized for issuance under the plan and amend certain other terms of the plan (Proposal No. 4) are non-routine matters and, therefore, may not be voted upon by brokers without instructions from beneficial owners. Consequently, proxies submitted by brokers for shares beneficially owned by other persons may not, in the absence of specific instructions from such beneficial owners, vote the shares in favor of or withhold votes from such proposals at the brokers’ discretion. The amendment to our Certificate of Incorporation, as amended, to increase the number of authorized shares of common stock (Proposal No. 5) and the ratification of the selection of Kesselman & Kesselman to serve as our principal independent registered public accounting firm for the fiscal year ending December 31, 2023 (Proposal No. 6) are routine matters. **Please complete your proxy and return it as instructed so your vote can be counted.**

What If I Receive More Than One Proxy Card?

You may receive more than one proxy card or voting instruction form if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described under “How Do I Vote?” for each account to ensure that all of your shares are voted.

What If I Do Not Vote For Some Of The Matters Listed On My Proxy Card?

If you return your proxy card without indicating your vote, your shares will be voted *for* the nominees listed on the card; *for* the approval, on an advisory basis, of the executive compensation; *for* the approval, on an advisory basis, of every one year as the frequency that our stockholders will have a non-binding, advisory vote on our executive compensation; *for* the adoption of amendments to the Protalix BioTherapeutics, Inc. 2006 Stock Incentive Plan which increase the number of shares of common stock authorized for issuance under the plan and amend certain other terms of the plan; *for* the amendment to our Certificate of Incorporation, as amended, to increase the number of authorized shares of common stock; and *for* the ratification of the appointment of Kesselman & Kesselman.

Will My Shares Be Voted If I Do Not Return My Proxy Card And Do Not Attend The Annual Meeting?

If your shares are registered in your name or if you have stock certificates, they will not be voted if you do not return your proxy card by mail or vote at the meeting as described above under “How Do I Vote?”.

If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares as described above under “How Do I Vote?,” the bank, broker or

other nominee has the authority to vote your shares on certain routine matters scheduled to come before the meeting even if it does not receive instructions from you. We encourage you to provide voting instructions. This ensures your shares will be voted at the meeting in the manner you desire.

Is Voting Confidential?

Yes. Only the inspector of elections and our employees who have been assigned the responsibility for overseeing the legal aspects of the meeting and our proxy solicitors will have access to your proxy card. The inspector of elections will tabulate and certify the vote. Any comments written on the proxy card will remain confidential unless you ask that your name be disclosed.

What Are The Costs Of Soliciting These Proxies?

We will pay all of the costs of soliciting these proxies. Our officers, directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these officers, employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their expenses. We have engaged Alliance Advisors LLC to assist us in soliciting proxies for the meeting. We will pay Alliance Advisors a base fee of \$10,000, plus reasonable out-of-pocket expenses, plus an additional fee based upon the number of contacts with stockholders made and work performed. We estimate the total amount payable to Alliance Advisors will be approximately \$100,000.

Could Other Matters Be Decided At The Annual Meeting?

We do not know of any other matters that will be considered at the meeting. If any other matters arise at the meeting at or by the direction of the Board of Directors, the proxies will be voted at the discretion of the proxy holders.

What Happens If The Annual Meeting Is Postponed Or Adjourned?

Your proxy will still be valid and may be voted at the postponed or adjourned meeting. You will still be able to change or revoke your proxy until it is voted.

Do I Need A Ticket To Attend The Annual Meeting?

Yes, you will need an admission ticket or proof of ownership of common stock to enter the meeting. If you are a stockholder of record, your admission ticket is the bottom half of the proxy card sent to you. If you plan to attend the meeting, please so indicate when you vote and bring the ticket with you to the meeting. If your shares are held in the name of a bank, broker or other holder of record, your admission ticket is the left side of your voting information form. If you do not bring your admission ticket, you will need proof of ownership to be admitted to the meeting. A recent brokerage statement or letter from a bank or broker is an example of proof of ownership. If you arrive at the meeting without an admission ticket, we will admit you only if we are able to verify that you are a stockholder of our Company. We recommend arriving early to the meeting as there may be delays at the entrance to the meeting venue.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information, as of April 30, 2023, regarding beneficial ownership of our common stock:

- each person who is known by us to own beneficially more than 5% of our common stock;
- each director;
- each of our executive officers; and
- all of our directors and executive officers collectively.

Unless otherwise noted, we believe that all persons named in the table have sole voting and investment power with respect to all shares of our common stock beneficially owned by each of them. For purposes of this table, a person is deemed to be the beneficial owner of securities that can be acquired by such person within 60 days from April 30, 2023 upon exercise of options, warrants and convertible securities. Each beneficial owner's percentage ownership is determined by assuming that options, warrants and convertible securities that are held by such person (but not those held by any other person) and that are exercisable or convertible within 60 days from such date have been exercised. The information set forth below is based upon information obtained from the beneficial owners, upon information in our possession regarding their respective holdings and upon information filed by the holders with the SEC. The percentages of beneficial ownership are based on 65,414,917 shares of our common stock outstanding as of April 30, 2023.

The address for all directors and officers is c/o Protalix BioTherapeutics, Inc., 2 Snunit Street, Science Park, P.O. Box 455, Carmiel 2161401, Israel.

PROPOSAL 1: ELECTION OF DIRECTORS

Corporate Governance and Independent Directors

In compliance with the listing requirements of the NYSE American, we have a comprehensive plan of corporate governance for the purpose of defining responsibilities, setting high standards of professional and personal conduct and assuring compliance with such responsibilities and standards. We currently regularly monitor developments in the area of corporate governance to ensure we are in compliance with the standards and regulations required by the NYSE American. A summary of our corporate governance measures follows.

Independent Directors

We believe a majority of the members of our Board of Directors are independent from management. When making determinations from time to time regarding independence, the Board of Directors will reference the listing standards adopted by the NYSE American as well as the independence standards set forth in the Sarbanes-Oxley Act of 2002, or the SOX, and the rules and regulations promulgated by the SEC under that Act, as well as other factors which could assist our Board of Directors and its committees in determining that a director will have no material relationship with us that could compromise that director’s independence.

Our Board of Directors has determined that Mr. Bronfeld, Mr. Bar Shalev, Dr. Ben Zvi, Dr. Boudes, Ms. Melincoff and Dr. Schwartz are “independent” pursuant to the rules of the NYSE American.

The position of Chairman of the Board is not held by our chief executive officer at this time. The Board of Directors does not have a policy mandating the separation of these functions. We believe it is in our best interest that Mr. Bronfeld serve as the chairman of our Board of Directors. This decision was based on Mr. Bronfeld’s experience in the healthcare industry in Israel and globally and his years of experience serving on the Board of Directors of public and private companies. Our non-management directors hold formal meetings, separate from management, at least twice per year.

The Board’s Role in Risk Oversight

Our Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of business objectives, including organizational and strategic objectives, to improve long-term organizational performance and enhance stockholder value. The involvement of our Board of Directors in setting our business strategy is a key part of its assessment of management’s plans for risk management and its determination of what constitutes an appropriate level of risk for the Company. The participation of our Board of Directors in our risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. While the full Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board of Directors also have responsibility for risk management. For example, financial risks, including internal controls, are overseen by the Audit and Finance Committee and risks that may be implicated by our executive compensation programs are overseen by the Compensation Committee. Upon identification of a risk, the assigned committee or our full Board of Directors discuss or review risk management and risk mitigation strategies. Additional review or reporting on enterprise risks is conducted as needed or as requested by our Board of Directors or a committee thereof.

Board and Committee Meetings

Our Board of Directors has an Audit and Finance Committee, Compensation Committee and Nominating Committee. The membership of each committee is as follows:

Committee	Chairman	Membership
Audit and Finance Committee	Shmuel “Muli” Ben Zvi, Ph.D.	Shmuel “Muli” Ben Zvi, Ph.D., Amos Bar Shalev and Aharon Schwartz, Ph.D.
Compensation Committee	Amos Bar Shalev	Amos Bar Shalev, Shmuel “Muli” Ben Zvi, Ph.D. and Aharon Schwartz, Ph.D.
Nominating Committee	Amos Bar Shalev	Amos Bar Shalev, Zeev Bronfeld and Aharon Schwartz, Ph.D.

The primary functions of each committee are as follows:

Audit and Finance Committee

Our Board of Directors has determined that Dr. Ben Zvi, Mr. Bar Shalev and Dr. Schwartz are “independent” for purposes of membership on the Audit and Finance Committee pursuant to Section 803B(2) of the NYSE American Company Guide and Section 10A(m)(3) of the Exchange Act. We require that all Audit and Finance Committee members possess the required level of financial literacy and at least one member of the Audit and Finance Committee meet the current standard of requisite financial management expertise as required by the NYSE American and applicable rules and regulations of the SEC.

Our Audit and Finance Committee operates under a formal charter that governs its duties and conduct. A current copy of the Audit and Finance Committee Charter is available on our website at <http://www.protalix.com>.

All members of the Audit and Finance Committee are independent from our executive officers and management.

Our independent registered public accounting firm reports directly to the Audit and Finance Committee.

Our Audit and Finance Committee meets with management and representatives of our registered public accounting firm prior to the filing of officers' certifications with the SEC to receive information concerning, among other things, effectiveness of the design or operation of our internal controls over financial reporting, as required by Section 404 of SOX.

Our Audit and Finance Committee has adopted a Policy for Reporting Questionable Accounting and Auditing Practices and Policy Prohibiting Retaliation against Reporting employees to enable confidential and anonymous reporting of improper activities to the Audit and Finance Committee.

Dr. Ben Zvi, Mr. Bar Shalev and Dr. Schwartz each qualify as "audit committee financial experts" under the applicable rules of the SEC. In making the determination as to these individuals' status as audit committee financial experts, our Board of Directors determined they have accounting and related financial management expertise within the meaning of the aforementioned rules, as well as the listing standards of the NYSE American.

Compensation Committee

Our Board of Directors has determined that Mr. Bar Shalev, Dr. Ben Zvi, and Dr. Schwartz are "independent" for purposes of membership on the Compensation Committee pursuant to Section 805(c) of the NYSE American Company Guide. The Compensation Committee reviews and approves the compensation of executive officers and key employees and administers our stock incentive plan. A current copy of the Compensation Committee Charter is available on our website at <http://www.protalix.com>.

Nominating Committee

The Nominating Committee is responsible for assisting our Board of Directors in selecting nominees for election to the Board of Directors and monitoring the composition of the Board of Directors. A current copy of the Nominating Committee Charter is available on our website at <http://www.protalix.com>. Although our Board of Directors does not have a formal policy requiring the Nominating Committee to consider the diversity of directors in its nomination process, in considering potential new directors, the Nominating Committee will review individuals from various disciplines and backgrounds, and consider the following qualifications: broad experience in business, finance or administration; familiarity with national business matters; familiarity with our industry; independence; and prominence and reputation. The committee seeks nominees with a broad diversity of experience, professions, education, skills and backgrounds with a view to having a Board of Directors that represents a diversity of views, experiences, and backgrounds. After making such a review, the Nominating Committee submits the nomination to the full Board of Directors for approval.

The Nominating Committee will consider any nominees submitted by stockholders of record at the time of any such nomination in compliance with applicable rules of the SEC and our By-Laws. The Nominating Committee will determine whether any stockholder nominee meets the qualifications for candidacy described above and in the Nominating Committee Charter. Stockholders' nominations for election at the 2024 Annual Meeting of Stockholders must be submitted in writing to Eyal Rubin, Corporate Secretary, not less than 45 days nor more than 75 days prior to the date on which we first mailed this proxy statement. Such written notice must include the following information: (i) name, age, business address and residence address of the nominee; (ii) the principal occupation or employment of the nominee; (iii) the class and number of shares of our Company beneficially owned by the nominee; and (iv) any other information relating to the nominee that would be required to be disclosed in solicitations for proxies for elections of directors pursuant to Regulation 14A of the Exchange Act. The written notice must also include the following information with respect to each stockholder delivering such notice: (i) the name and record address of such stockholder; and (ii) the class and number of shares of our Company beneficially owned by the stockholder. Lastly, the written notice must include certain information relating to any derivative or hedging transactions by the stockholder delivering such notice and its Stockholder Associated Persons, as

defined in our By-Laws, and other arrangements with other parties regarding our securities, as presented in detail in our By-Laws. Stockholders can mail any such recommendations, including the criteria outlined above, to Eyal Rubin, Corporate Secretary, Protalix BioTherapeutics, Inc., 2 University Plaza, Suite 100, Hackensack, NJ 07601.

Under the rules of the NYSE American, a director of our Company will only qualify as an “independent director” if, among other things, in the opinion of our Board of Directors, that person does not have a material relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board of Directors has determined that none of the non-employee directors has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of the non-employee directors is an “independent director” as defined under rules of the NYSE American. In addition, the Board of Directors has determined that all members of the Audit and Finance Committee meet the independence requirements set forth in Section 803B(2) of the NYSE American Company Guide and Section 10A(m)(3) of the Exchange Act, and that all members of the Compensation Committee meet the independence requirements set forth in Rule 805(c) of the NYSE American Listed Company Guide.

Contacting the Board of Directors

Stockholders who wish to communicate with the Board of Directors may do so by mailing any such communications to Eyal Rubin, Corporate Secretary, Protalix BioTherapeutics, Inc., 2 University Plaza, Suite 100, Hackensack, NJ 07601. All communications are distributed to the Board of Directors, as appropriate, depending upon the facts and circumstances outlined in the communications received. For example, if any complaints regarding accounting and/or auditing matters are received, they may be forwarded by our Corporate Secretary to the Audit and Finance Committee for review.

There are no family relationships among directors or executive officers of our Company.

Executive Compensation

The primary goals of the Compensation Committee of our Board of Directors with respect to executive compensation are to attract and retain the most talented and dedicated executives possible, to tie annual and long-term cash and stock incentives to achievement of specified performance objectives, and to align executives' incentives with stockholder value creation. To achieve these goals, the Compensation Committee implements and maintains compensation plans that tie a portion of executives' overall compensation to key strategic goals such as developments in our clinical path, the establishment of key strategic collaborations, the build-up of our pipeline and the strengthening of our financial position. The Compensation Committee evaluates individual executive performance with a goal of setting compensation at levels the committee believes are comparable with executives in other companies of similar size and stage of development operating in the biotechnology industry while taking into account our relative performance and our own strategic goals.

Elements of Compensation

Executive compensation consists of following elements:

Base Salary. Base salaries for our executive officers are established based on the scope of their responsibilities taking into account competitive market compensation paid by other companies for similar

positions. Generally, we believe that executive base salaries should be targeted near the median of the range of salaries for executives in similar positions with similar responsibilities at comparable companies. The Compensation Committee convenes from time to time to evaluate present and future executive compensation, which evaluation generally includes an evaluation of the peer group considered in analyzing executive compensation. The Compensation Committee intends to continue reviewing and revising the peer group periodically to ensure that it continues to reflect companies similar to the Company in size and development stage. The Compensation Committee also reviews executive compensation reports and an analysis of publicly-traded biotechnology companies prepared by third party experts from a well-known consulting firm for additional data and other information regarding executive compensation for comparative purposes.

Base salaries are usually reviewed annually, and adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience. The base salaries of each of our President and Chief Executive Officer, our Senior Vice President and Chief Financial Officer our Senior Vice President, Operations, who we refer to collectively as the “Named Executive Officers,” are discussed herein.

Annual Bonus. The Compensation Committee has the authority to award discretionary annual bonuses to our executive officers. The discretionary annual bonus awards were intended to compensate officers for achieving financial, clinical, regulatory and operational goals and for achieving individual annual performance objectives. For any given year, the compensation objectives vary, but relate generally to strategic factors such as developments in our clinical path, the execution of a license agreement for the commercialization of product candidates, the establishment of key strategic collaborations, the build-up of our pipeline and financial factors such as capital raising. Bonuses are awarded generally based on corporate performance, with adjustments made within a range for individual performance, at the discretion of the Compensation Committee. The Compensation Committee determines, on a discretionary basis, the size of the entire bonus pool and the amount of the actual award to each Named Executive Officer.

The Compensation Committee selects, in its discretion, the executive officers of the Company or our subsidiary who are eligible to receive bonuses for any given year. Any bonus granted by the Compensation Committee will generally be paid upon the achievement of a specific milestone, subject to certain terms and conditions. The Compensation Committee has not fixed a minimum or maximum award for any executive officer’s annual discretionary bonus. Each of our executive officers is eligible for a discretionary annual bonus under his or her employment agreement.

During the year ended December 31, 2022, the Compensation Committee determined that Mr. Bashan and Mr. Rubin were both entitled to annual bonuses for fiscal years ended December 31, 2021 and 2020, which had not yet been awarded. Performance milestones underlying such bonuses were as follows:

- A. Finance (50%, in the aggregate)
 - Debt situation improvement (30%)
 - Cash going forward for 1.5 years minimum (20%)
- B. Business — Sales to Pfizer Inc. and Brazil (15%, in the aggregate)
 - Increasing transfer price and contract extension with Pfizer Inc. (10%)
 - Sales to Brazil (5%)
- C. R&D (25%, in the aggregate)
 - Fabry (15%)
 - Finalization of the clinical development program
 - Preparation for regulatory submissions (both in the United States and in the European Union)

- Improving pipeline (10%)
 - Current existing programs
 - New Programs
- D. • Strengthening Corporate viability (10%)

The Compensation Committee determined that both Mr. Bashan and Mr. Rubin had achieved 100% of the performance milestones and awarded a cash bonus equal to 10 months' salary to Mr. Rubin to cover fiscal years ended December 31, 2021 and 2020. The Compensation Committee awarded a bonus equal to 18 months' salary to Mr. Bashan to cover fiscal years ended December 31, 2021 and 2020. Given our cash position at the time, Mr. Bashan agreed to accept his bonus in shares of our common stock in lieu of cash. Mr. Naos was awarded a cash bonus commensurate with other company Vice Presidents.

Options and Share-Based Compensation. Our Amended and Restated 2006 Stock Incentive Plan authorizes us to grant options to purchase shares of common stock, restricted stock and other securities to our employees, directors and consultants. Our Compensation Committee is the administrator of the stock incentive plan. Stock option or other grants are generally made at the commencement of employment and following a significant change in job responsibilities or to meet other special retention or performance objectives. The Compensation Committee reviews and approves stock option and other awards to executive officers based upon a review of competitive compensation data, its assessment of individual performance, a review of each executive's existing long-term incentives, and retention considerations. The exercise price of stock options granted under our Amended and Restated 2006 Stock Incentive Plan, as amended, must be equal to at least 100% of the fair market value of our common stock on the date of grant; however, in certain circumstances, grants may be made at a lower price to Israeli grantees who are residents of the State of Israel.

Severance and Change in Control Benefits. The Compensation Committee granted the following payments that would be payable in connection with a change of control: \$1.0 million to the President and Chief Executive Officer and \$400,000 to each of the other executive Vice Presidents. Such payments are subject to certain terms and conditions. In addition to the foregoing, pursuant to the employment agreements entered into with each of our executive officers, the executive officer is entitled to be insured by Protalix Ltd. under a Manager's Policy in lieu of severance. The intention of such Manager's Policies is to provide the Israel-based officers with severance protection of one month's salary for each year of employment. In addition, the stock options and restricted stock granted to each of our Named Executive Officers provide that all of such instruments are subject to accelerated vesting immediately upon a change in control of the Company.

Other Compensation. Consistent with our compensation philosophy, we intend to continue to maintain our current benefits for our executive officers; however, the Compensation Committee in its discretion may revise, amend, or add to the officer's executive benefits if it deems it advisable. As an additional benefit to all of our Israel-based Named Executive Officers and for most of our employees, we contribute to certain funds amounts equaling a total of approximately 15% of their respective gross salaries for certain pension and other savings plans for the benefit of the Named Executive Officers and other employees. In addition, in accordance with customary practice in Israel, our Israel-based executives' agreements require us to contribute towards their vocational studies, and to provide annual recreational allowances, a company car and a company phone. We believe these benefits are currently equivalent with median competitive levels for comparable companies.

Executive Compensation. We refer to the "Summary Compensation Table" set forth below for information regarding the compensation earned during the fiscal year ended December 31, 2022 by our Named Executive Officers.

- (6) The dollar amounts reported represent the amount of net income reflected in our Consolidated Statements of Income included in our Annual Report on Form 10-K for the applicable year.

Relationship Between Compensation Actually Paid, Company Total Shareholder Return (“TSR”) and Net Income (Loss)

Compensation actually paid to Mr. Bashan during the year ended December 31, 2022 was approximately \$2.0 million, an increase of approximately \$2.2 million from approximately a negative \$0.2 million for the same period of 2021. Average compensation actually paid to our Non-CEO Named Executive Officers during the year ended December 31, 2022 was approximately \$1.1 million, an increase of approximately \$1.0 million from approximately \$0.1 million for the same period of 2021. For the year ended December 31, 2022, our TSR was \$37.74, an increase of 65.0%, compared to TSR of \$22.87 for the year ended December 31, 2021. Our net loss decreased from \$27.6 million to \$6.5 million over the same period.

Compensation actually paid to Mr. Bashan and to our Non-CEO Named Executive Officers as a group does not correspond to our TSR or our net income (loss) over the two years presented in the above tables. Over the periods covered in this analysis, our Company’s focus has been primarily focused on the clinical and regulatory development of PRX-102 and, accordingly, we do not use TSR or net income (loss) as a performance measure for the determination of executive compensation. In the year ended December 31, 2021, our Company elected not to pay any bonuses as compensation for the year ended December 31, 2020, despite obligations to do so. In the year ended December 31, 2022, given the clinical and regulatory advancement for PRX-102, our product under development for the proposed treatment of Fabry disease, and given the improvement in our liquidity position, we elected to award to Mr. Bashan and to our Non-CEO Named Executive Officers increased compensation, in part to compensate them for their efforts during 2020. Particularly for Mr. Bashan but also for the Non-CEO Named Executive Officers, the compensation paid in 2022 focused more on equity grants as our Company elected to preserve cash. As the fair market value of equity grants increases as the market price of our common stock increases, the calculation of compensation actually paid with respect to equity grants increases as well. If PRX-102 is approved by the relevant regulators for marketing in the United States and the European Union, we expect that TSR and net income (loss) may become appropriate performance measures for compensation of our executive officers.

All information provided above under the “Pay Versus Performance” heading will not be deemed to be incorporated by reference into any of our filings under the Securities Act of 1933 (the “Securities Act”) or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing, except to the extent we specifically incorporate such information by reference.

Potential Payments upon Termination or Change-in-Control/Corporate Transaction

Each of our Named Executive Officers (while they remain employed by the Company) is entitled to be insured by Protalix Ltd. under a Manager’s Policy in lieu of severance upon termination. The intention of such Manager’s Policies is to provide our officers with severance protection of one month’s salary for each year of employment. The following payments would be payable in connection with a change of control of the Company: \$1.0 million to the President and Chief Executive Officer and \$400,000 to each of the other Named Executive Officers, subject to certain terms and conditions. In addition to the foregoing, the vesting periods of outstanding options held by our Named Executive Officers are accelerated upon a change of control. Had we experienced a change of control on December 31, 2022, the value of the acceleration of the vesting period of the options and shares held by Mr. Bashan would have been \$507,540; the value of the acceleration of the vesting period of the options and shares held by Mr. Rubin would have been \$242,401 and the value of the acceleration of the vesting period of the options held by Mr. Naos would have been \$108,375.

In addition, vesting of all of Mr. Naos' options and restricted shares will be accelerated in full upon a Corporate Transaction or a Change in Control, as those terms are defined in our Plan. Mr. Naos' employment is terminable by either party on 60 days' written notice for any reason and we may terminate the agreement for cause without notice. Mr. Naos is entitled to be insured by the Company under a Manager's Policy in lieu of severance, Company contributions towards vocational studies, annual recreational allowances, a company car, a company phone, a company laptop and a company phone. Amended and Restated 2006 Stock Incentive Plan

Our Board of Directors and our stockholders initially approved our Plan on December 14, 2006. Since its initial approval, our stockholders have approved amendments to the plan five times, the last time being on June 30, 2022. Of the 8,475,171 shares reserved for issuance under the Plan, as amended, as of December 31, 2022, there are outstanding options to purchase 5,519,315 shares of our common stock in the aggregate, subject to adjustment for a stock split or any future stock dividend or other similar change in our common stock or our capital structure. As of December 31, 2022, options to acquire 136,738 shares of common stock remain available for grant under the amended Plan.

Our amended Plan provides for the grant of stock options, restricted stock, restricted stock units, stock appreciation rights and dividend equivalent rights, collectively referred to as "awards." The amended Plan is also designed to comply with the provisions of the Israeli Income Tax Ordinance New Version, 1961 (including as amended pursuant to Amendment 132 thereto), or the Tax Ordinance, and is intended to enable us to grant awards to grantees who are Israeli residents as follows: (i) awards to employees pursuant to Section 102 of the Tax Ordinance; and (ii) awards to non-employees pursuant to Section 3(I) of the Tax Ordinance. In accordance with the terms and conditions

imposed by the Tax Ordinance, grantees who receive awards under the amended Plan may be afforded certain tax benefits in Israel as described below.

Our Board of Directors or the Compensation Committee, referred to as the “plan administrator,” will administer our amended Plan, including selecting the grantees, determining the number of shares to be subject to each award, determining the exercise or purchase price of each award, and determining the vesting and exercise periods of each award.

The exercise price of stock options granted under the Plan must be equal to at least 100% of the fair market value of our common stock on the date of grant; however, in certain circumstances, grants may be made at a lower price to Israeli grantees who are residents of the State of Israel. If, however, incentive stock options are granted to an employee who owns stock possessing more than 10% of the voting power of all classes of our stock or the stock of any parent or subsidiary of the Company, the exercise price of any incentive stock option granted must equal at least 110% of the fair market value on the grant date and the maximum term of these incentive stock options must not exceed five years. The maximum term of all other awards must not exceed 10 years (or five years in the case of an incentive stock option granted to any participant who owns stock representing more than 10% of the voting power of all classes of our stock or the stock of any parent or subsidiary of the Company). The plan administrator will determine the exercise or purchase price (if any) of all other awards granted under the amended Plan.

Under the amended Plan, incentive stock options and options to Israeli grantees may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised during the lifetime of the participant only by the participant. Other awards shall be transferable by will or by the laws of descent or distribution and to the extent and in the manner authorized by the plan administrator by gift or pursuant to a domestic relations order to members of the participant’s immediate family. The amended Plan permits the designation of beneficiaries by holders of awards, including incentive stock options.

If the service of a participant in the amended Plan is terminated for any reason other than cause, the participant may exercise awards that were vested as of the termination date for a period ending upon the earlier of 12 months from the date of termination (or such shorter or longer period set forth in the award agreement) or the expiration date of the awards unless otherwise determined by the plan administrator. If the service of a participant in the amended Plan is terminated for cause, the participant may exercise awards that were vested as of the termination date for a period ending upon the earlier of 14 days from the date of termination (or such shorter or longer period set forth in the award agreement) or the expiration date of the awards unless otherwise determined by the plan administrator.

In the event of a corporate transaction, all awards will terminate unless assumed by the successor corporation. Unless otherwise provided in a participant’s award agreement, in the event of a corporate transaction and with respect to the portion of each award that is assumed or replaced, then such portion will automatically become fully vested and exercisable immediately upon termination of a participant’s service if the participant is terminated by the successor company or us without cause within 12 months after the corporate transaction. With respect to the portion of each award that is not assumed or replaced, such portion will automatically become fully vested and exercisable immediately prior to the effective date of the corporate transaction so long as the participant’s service has not been terminated prior to such date.

In the event of a change in control, except as otherwise provided in a participant’s award agreement, following a change in control (other than a change in control that also is a corporate transaction) and upon the termination of a participant’s service without cause within 12 months after a change in control, each award of such participant that is outstanding at such time will automatically become fully vested and exercisable immediately upon the participant’s termination. In addition, the stock options and shares of restricted stock issued to each of our Named Executive Officers are subject to accelerated vesting immediately upon a corporate transaction or a change in control of the Company, as defined in our amended Plan.

Under our amended Plan, a corporate transaction is generally defined as:

- a merger or consolidation in which we are not the surviving entity, except for the principal purpose of changing the Company’s state of incorporation;

- the sale, transfer or other disposition of all or substantially all of our assets;
- the complete liquidation or dissolution of the Company;
- any reverse merger in which we are the surviving entity but our shares of common stock outstanding immediately prior to such merger are converted or exchanged by virtue of the merger into other property, whether in the form of securities, cash or otherwise, or in which securities possessing more than forty percent (40%) of the total combined voting power of our outstanding securities are transferred to a person or persons different from those who held such securities immediately prior to such merger; or
- an acquisition in a single or series of related transactions by any person or related group of persons of beneficial ownership of securities possessing more than fifty percent (50%) of the total combined voting power of our outstanding securities but excluding any such transaction or series of related transactions that the plan administrator determines not to be a corporate transaction (provided however that the plan administrator shall have no discretion in connection with a corporate transaction for the purchase of all or substantially all of our shares unless the principal purpose of such transaction is changing our state of incorporation).

Under our amended Plan, a change of control is defined as:

- the direct or indirect acquisition by any person or related group of persons of beneficial ownership of securities possessing more than fifty percent (50%) of the total combined voting power of our outstanding securities pursuant to a tender or exchange offer made directly to our stockholders and which a majority of the members of our Board of Directors (who have generally been on our board for at least 12 months) who are not affiliates or associates of the offeror do not recommend stockholders accept the offer; or
- a change in the composition of our Board of Directors over a period of 12 months or less, such that a majority of the members of our Board of Directors ceases, by reason of one or more contested elections for board membership, to be comprised of individuals who were previously directors of the Company.

Unless terminated sooner, the amended Plan will automatically terminate on December 31, 2028. Our Board of Directors has the authority to amend, suspend or terminate our amended Plan. No amendment, suspension or termination of the amended Plan shall adversely affect any rights under awards already granted to a participant. To the extent necessary to comply with applicable provisions of federal securities laws, state corporate and securities laws, the IRC, the rules of any applicable stock exchange or national market system, and the rules of any non-U.S. jurisdiction applicable to awards granted to residents therein (including the Tax Ordinance), we shall obtain stockholder approval of any such amendment to the Plan in such a manner and to such a degree as required.

Impact of Israeli Tax Law

The awards granted to employees pursuant to Section 102 of the Tax Ordinance under the amended Plan may be designated by us as approved options under the capital gains alternative, or as approved options under the ordinary income tax alternative.

To qualify for these benefits, certain requirements must be met, including registration of the options in the name of a trustee. Each option, and any shares of common stock acquired upon the exercise of the option, must be held by the trustee for a period commencing on the date of grant and deposit into trust with the trustee and ending 24 months thereafter.

Under the terms of the capital gains alternative, we may not deduct expenses pertaining to the options for tax purposes.

Under the amended Plan, we may also grant to employees options pursuant to Section 102(c) of the Tax Ordinance that are not required to be held in trust by a trustee. This alternative, while facilitating immediate exercise of vested options and sale of the underlying shares, will subject the optionee to the marginal income tax rate of up to 50% as well as payments to the National Insurance Institute and health

tax on the date of the sale of the shares or options. Under the Plan, we may also grant to non-employees options pursuant to Section 3(I) of the Tax Ordinance. Under that section, the income tax on the benefit arising to the optionee upon the exercise of options and the issuance of common stock is generally due at the time of exercise of the options.

These options shall be further subject to the terms of the tax ruling that has been obtained by Protalix Ltd. from the Israeli tax authorities in connection with the merger. Under the tax ruling, the options issued by us in connection with the assumption of Section 102 options previously issued by Protalix Ltd. under the capital gains alternative shall be issued to a trustee, shall be designated under the capital gains alternative and the issuance date of the original options shall be deemed the issuance date for the assumed options for the calculation of the respective holding period.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

All related party transactions are reviewed and approved by the Audit and Finance Committee, as required by the Audit and Finance Committee Charter.

There were no transactions during the last two fiscal years, or any currently proposed transaction, in which we were or are to be a participant and in which the amount involved exceeded or exceeds the lesser of \$120,000 or one percent of the average of our total assets at year end for the last two completed fiscal years.

The Audit and Finance Committee has received the written disclosures and the letter from Kesselman & Kesselman required by applicable requirements of the PCAOB regarding the independent accountant’s communications with the Audit and Finance Committee concerning independence, and has discussed with Kesselman & Kesselman that firm’s independence from our Company.

Based on the review and discussions of the audited consolidated financial statements and discussions with management and Kesselman & Kesselman, the Audit and Finance Committee recommended to Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2022 for filing with the SEC.

PROPOSAL 2: ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

As required by Section 14A of the Exchange Act, we are providing our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC.

We believe that the executive compensation program for the Named Executive Officers, as described in the “Management” section of this proxy statement, is based on a pay-for-performance culture and seeks to align the interests of our Named Executive Officers with the interests of our stockholders. We believe that our compensation programs are designed to reward our Named Executive Officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total stockholder return, while at the same time creating a culture that focuses executives on prudent risk management and appropriately rewards them for performance. Our executive compensation program is also designed to be competitive with our peer companies, and seeks to enable us to attract and retain the best possible executive talent.

We also believe that the extensive disclosure of compensation information provided in this proxy statement provides our stockholders the information they need to make an informed decision as they weigh the pay of the Named Executive Officers in relation to our performance. This “Say-on-Pay” proposal gives you the stockholder the opportunity to endorse or not endorse the compensation we paid to the Named Executive Officers through the resolution set forth below.

“RESOLVED, that the compensation paid to the Named Executive Officers of Protalix BioTherapeutics, Inc., as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion included in this proxy statement, is hereby APPROVED.”

Because your vote is advisory, it will not be binding upon our Company, our Board of Directors or the Compensation Committee. The vote on this resolution is not intended to address any specific element of compensation, but rather relates to the overall compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC. Our Company, our Board of Directors, and the Compensation Committee will consider the outcome of the vote when evaluating future executive compensation arrangements for our named executive officers.

This proposal is provided as required pursuant to Rule 14a-21(a) promulgated under the Exchange Act.

Our Board of Directors recommends that stockholders vote “FOR” the approval of the executive compensation as disclosed in this proxy statement and as described in this “Proposal 2: Advisory Vote to Approve Executive Compensation.”

**PROPOSAL 3: ADVISORY VOTE ON THE FREQUENCY OF AN
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

Pursuant to Section 14A of the Exchange Act we are providing our stockholders with the opportunity to vote, on a non-binding, advisory basis, for their preference as to how frequently we should seek future advisory votes on the compensation of our named executive officers as disclosed in accordance with the compensation disclosure rules of the SEC. By voting with respect to this proposal, stockholders may indicate whether they would prefer that we conduct future advisory votes on executive compensation once every one, two or three years. Stockholders also may, if they wish, abstain from casting a vote on this proposal.

Our Board of Directors has determined that an annual advisory vote on executive compensation is the most appropriate alternative for our company as it will allow our stockholders to provide timely and direct input on our executive compensation philosophy, policies and practices as disclosed in the proxy statement each year. Accordingly, our Board of Directors believes that an annual vote is consistent with our efforts to engage in an ongoing dialogue with our stockholders on executive compensation and corporate governance matters and therefore recommends that you vote for a one-year interval for the advisory vote on executive compensation.

Because your vote is advisory, it will not be binding upon our Company, our Board of Directors or the Compensation Committee. We recognize that our stockholders may have different views as to the best approach for our company, and therefore looks forward to hearing from our stockholders as to their preferences on the frequency of an advisory vote on executive compensation. We, our Board of Directors and the Compensation Committee will take into account the outcome of the vote when considering the frequency of future advisory votes on executive compensation. Our Board of Directors may decide that it is in the best interests of our stockholders to hold an advisory vote on executive compensation more or less frequently than the frequency receiving the most votes cast by the stockholders.

Stockholders may cast a vote on the preferred voting frequency by selecting the option of one year, two years, or three years (or abstain) when completing their proxy in response to the resolution set forth below.

“RESOLVED, that the stockholders determine, on an advisory basis, whether the preferred frequency of an advisory vote on the executive compensation of our named executive officers as set forth in our proxy statement should be every year, every two years, or every three years.”

The proxy voting card provides stockholders with the opportunity to choose among four options (holding the vote every one, two, or three years, or abstain from voting) and, therefore stockholders will not be voting to approve or disapprove the recommendation of our Board of Directors.

Our Board of Directors recommends that stockholders vote “FOR” the option of every year as the preferred frequency with which stockholders are provided with an advisory vote on executive compensation as described in this “Proposal 3: Advisory Vote on the Frequency of an Advisory Vote on Executive Compensation.”

**PROPOSAL 4: AMENDMENTS TO THE PROTALIX BIOTHERAPEUTICS, INC.
2006 STOCK INCENTIVE PLAN, AS AMENDED, TO INCREASE THE NUMBER OF
AUTHORIZED SHARES OF COMMON STOCK RESERVED FOR ISSUANCE UNDER THE PLAN
AND TO AMEND CERTAIN OTHER TERMS OF THE PLAN**

General

We are asking our stockholders to approve an amendment to our amended 2006 Stock Incentive Plan, or the Existing Plan and, as amended, the Plan, so that we can continue to use the Plan in order to attract and retain key talent, encourage stock ownership by our employees, non-employee directors and consultants, better align with governance best practices. Our Board of Directors unanimously approved the proposed amendment to the Plan, subject to approval of our stockholders at the meeting. Approval of the Plan requires the affirmative vote of a majority of the outstanding shares of our common stock that are present in person or by proxy at the meeting and entitled to vote on this matter.

Primary Changes

As part of the proposed amendments to the Existing Plan, we propose to:

- Increase the number of shares of common stock reserved for issuance under the Existing Plan by 4,000,000 shares to 12,475,171 shares;
- Increase the annual per person limits on the number of shares covered by awards of stock options and stock appreciation rights by 4,000,000 shares to 12,475,171 shares; and
- Increase the per person limits on the number of shares covered by awards of restricted stock and restricted stock units intended to be “performance based compensation” by 4,000,000 shares to 12,475,171 shares.

Background on Code Section 162(m) Approval

We are also asking our stockholders to approve this amendment to the material terms of the Existing Plan so that we may grant awards under the Plan that are designed to qualify for the exception from the limits on corporate income tax deductions pursuant to Code Section 162(m). To the extent we grant such awards and they qualify for the exception, we may deduct for federal income tax purposes compensation in excess of \$1.0 million that may be paid to certain executive officers in any single year. Compensation includes cash compensation and income arising from the exercise of nonstatutory stock options, as a result of the grant, vesting or settlement of other types of equity awards, and from disqualifying dispositions of incentive stock options.

Under Code Section 162(m), no deduction is allowed in any taxable year of our Company for compensation in excess of \$1.0 million paid to our “covered employees.” A “covered employee” is our chief executive officer and our three other most highly compensated officers, other than our chief financial officer.

An exception to the \$1.0 million limit under Code Section 162(m) applies to compensation that is paid to a covered employee pursuant to a stock incentive plan approved by stockholders and that specifies, among other things, the maximum number of shares with respect to which options and stock appreciation rights may be granted to eligible participants under such plan during a specified period. Compensation paid pursuant to options granted under such a plan and with an exercise price equal to the fair market value of common stock on the date of grant is deemed to be inherently performance-based, since such awards provide value to participants only if the stock price appreciates. To the extent required by Section 162(m) of the Code or the regulations thereunder, in applying the foregoing limitation, if any option or stock appreciation right is canceled, the canceled award shall continue to count against the maximum number of shares with respect to which an award may be granted to a participant. The Plan provides that the maximum number of shares with respect to which options and stock appreciation rights may be granted to a participant during a calendar year is 8,475,171 shares. The foregoing limitation shall be adjusted proportionately by the plan administrator in the event of a stock split, reverse stock split, stock dividend, combination or reclassification of shares or other similar change in our shares of common stock or our capital structure.

For awards of restricted stock and restricted stock units that are intended to be performance-based compensation under Section 162(m) of the Code, the maximum number of shares of common stock subject to such awards that may be granted to a participant during a calendar year is 8,475,171 shares. The foregoing limitation shall be adjusted proportionately by the plan administrator in the event of a stock split, reverse stock split, stock dividend, combination or reclassification of shares or other similar change in our shares or our capital structure. In order for restricted stock and restricted stock units to qualify as performance-based compensation, the plan administrator must establish a performance goal with respect to such award in writing not later than 90 days after the commencement of the services to which it relates (or, if earlier, the date after which 25% of the period of service to which the performance goal relates has elapsed) and while the outcome is substantially uncertain. In addition, the performance goal must be stated in terms of an objective formula or standard.

The Plan includes the following performance criteria that may be considered by the plan administrator when granting performance-based awards: (i) increase in share price; (ii) earnings per share; (iii) total stockholder return; (iv) operating margin; (v) gross margin; (vi) return on equity; (vii) return on assets; (viii) return on investment; (ix) operating income; (x) net operating income; (xi) pre-tax profit; (xii) cash flow; (xiii) revenue; (xiv) expenses; (xv) earnings before interest, taxes and depreciation; (xvi) economic value added; and (xvii) market share. The performance criteria may be applicable to our Company, any parent or subsidiary of our Company, and/or any individual business units of our Company or any parent or subsidiary of our Company. In addition, the performance criteria will be calculated in accordance with generally accepted accounting principles, excluding the effect (whether positive or negative) of any change in accounting standards and any extraordinary, unusual or nonrecurring item occurring after the establishment of the performance criteria applicable to the award.

Stockholder approval of the Plan pursuant to this proposal will constitute stockholder approval of the material terms of the Plan, including the per person limitations on stock awards and the performance criteria described above, for Code Section 162(m) purposes.

We believe strongly that approval of this amendment to the Existing Plan is essential to our success. Our employees are our most valuable asset. Stock options and the other awards permitted under the Plan are vital to our ability to attract and retain outstanding and highly skilled employees, especially in the competitive labor markets in which we operate. These awards also are crucial to our ability to motivate employees to achieve our goals. Our Board of Directors after reviewing the allocation of awards under the Plan has determined that it is in the best interest of our Company to increase the equity compensation granted to our current and future employees. The proposed terms of the Plan are designed to allow us to continue to attract, retain and motivate people whose skills and performance are critical to our success. We will continue to monitor the environment in which we operate and make changes to our equity compensation program to help us meet our goals, including achieving long-term stockholder value.

Our Board of Directors recommends that stockholders vote “FOR” the adoption of the amendments to the Protalix BioTherapeutics, Inc. Amended and Restated 2006 Stock Incentive Plan described in this Proposal 4: Amendments to the Protalix BioTherapeutics, Inc. Amended and Restated 2006 Stock Incentive Plan to Increase the Number of Authorized Shares of Common Stock Reserved for Issuance under the Plan and to Amend Certain other Terms of the Plan.

A general description of the principal terms of the Plan is set forth below. This description is qualified in its entirety by the terms of the Plan, a copy of which is attached hereto as Appendix A.

At December 31, 2022, there were outstanding under the Existing Plan options to purchase common stock issued covering 5,519,315 shares of our common stock with a weighted average exercise price of \$2.28 per share and a weighted average remaining contractual life of 8.47 years. The outstanding options represent approximately 9.31% of our outstanding shares on an “as exercised” basis. As of December 31, 2022, we had 136,738 shares of common stock available for future issuance under the Existing Plan.

As of April 30, 2023, the fair market value of a share of our common stock was \$2.78.

Equity Compensation Plan Information

The following table provides information as of December 31, 2022 with respect to the shares of our common stock that may be issued under our existing equity compensation plan.

Plan Category	A Number of Securities to be Issued Upon Exercise of Outstanding Options	B Weighted Average Exercise Price of Outstanding Options	C Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column A)
Equity Compensation Plans Approved by Stockholders	5,519,315	\$2.28	136,738
Equity Compensation Plans Not Approved by Stockholders	—	—	—
Total	5,519,315	\$2.28	136,738

General Description

Purpose. The purposes of the Plan are to attract and retain the best available personnel, to provide additional incentives to our officers, directors, employees and consultants through ownership of our common stock, and to promote the success of our business.

Shares Reserved for Issuance under the Plan. We currently have 8,475,171 shares of common stock reserved for issuance under the Existing Plan. If approved by our stockholders, the total number of shares of common stock reserved for issuance under the Plan will be increased by 4,000,000 shares for a total of 12,475,171 shares. Shares issued in connection with awards other than options or stock appreciation rights shall count as one and one-half (1.5) shares for each share issued. The number of shares of common stock available under the Plan will be subject to adjustment in the event of a stock split, reverse stock split, stock dividend, combination or reclassification of shares or other similar change in our shares or our capital structure. Any shares of common stock covered by an award (or portion of an award) which is forfeited, canceled or expires (whether voluntarily or involuntarily) are deemed not to have been issued for purposes of determining the maximum aggregate number of shares of common stock which may be issued under the Plan. Shares that actually have been issued under the Plan pursuant to an award will not be returned to the Plan and will not be available for future issuance under the Plan, except that if unvested shares of common stock are forfeited, or repurchased by us at the lower of their original purchase price or their fair market value (as defined in the Plan) at the time of repurchase, such shares of common stock shall become available for future grant under the Plan. Any shares covered by an award which are surrendered (i) in payment of the award exercise or purchase price (including pursuant to the “net exercise” of an option pursuant to Section 7(b)(v) of the Plan) or (ii) in satisfaction of tax withholding obligations incident to the exercise of an award will not be returned to the Plan and will not be available for future issuance under the Plan. Shares that are covered by the portion of a SAR that is exercised (whether or not shares are actually issued) will be considered issued. Shares that are counted as one and one-half (1.5) shares upon issuance will be counted as one and one-half (1.5) shares upon return.

During any calendar year, the maximum number of shares with respect to which options and stock appreciation rights may be granted to a participant is currently 8,475,171 shares. If approved by our stockholders, the maximum number of shares with respect to which options and stock appreciation rights may be granted to a participant in any calendar year will be 12,475,171 shares. The maximum number of shares of restricted stock and restricted stock units that are intended to be performance-based compensation under Section 162(m) of the Code that may be awarded to a participant in any calendar year is 12,475,171 shares. The foregoing limitations shall be adjusted proportionately by the plan administrator in the event of a stock split, reverse stock split, stock dividend, combination or reclassification of shares or other similar change in our shares or our capital structure, and its determination shall be final, binding and conclusive.

Administration. Our Board of Directors or the Compensation Committee, referred to as the “plan administrator,” administers the Plan, including selecting the grantees, determining the number of shares to be subject to each award, determining the exercise or purchase price of each award, and determining the vesting and exercise periods of each award. The Plan is currently being administered by the Compensation Committee. With respect to grants to officers and directors, the Compensation Committee shall be constituted in such a manner as to satisfy applicable laws, including Rule 16b-3 promulgated under the Exchange Act.

Terms and Conditions of Awards. The Amendment provides for the grant of stock options, restricted stock, restricted stock units, stock appreciation rights and dividend equivalent rights, collectively referred to as “awards.” Stock options granted under the Plan may be either incentive stock options under the provisions of Section 422 of the Internal Revenue Code, or non-qualified stock options. Incentive stock options may be granted only to our employees or to employees of our related entities. Awards other than incentive stock options may be granted to our employees, directors and consultants or to employees, consultants and directors of our related entities. Because the Plan provides for broad discretion in selecting which eligible persons will participate and in granting awards, the total number of persons who will actually participate in the Amended Plan and the benefits that will be provided to the participants cannot be determined at this time. As of December 31, 2022, approximately 200 employees (four of whom are current executive officers of the Company) and six directors were eligible for awards under the Plan. In addition, we engage certain of consultants that also may be eligible for awards under the Plan. To the extent that the aggregate fair market value of the shares subject to options designated as incentive stock options which become exercisable for the first time by a participant during any calendar year exceeds \$100,000, such excess options shall be treated as nonqualified stock options. Each award granted under the Plan shall be designated in an award agreement.

The Plan is also designed to comply with the provisions of the Israeli Income Tax Ordinance New Version, 1961 (including as amended pursuant to Amendment 132 thereto), or the tax ordinance, and is intended to enable us to grant awards to grantees who are Israeli residents as follows: (i) awards to employees pursuant to Section 102 of the tax ordinance; and (ii) awards to non-employees pursuant to Section 3(I) of the tax ordinance. For this purpose, “employee” refers only to employees, office holders and directors of our Company or a related entity excluding those who are considered “Controlling Stockholders” pursuant to, or otherwise excluded by, the tax ordinance. In accordance with the terms and conditions imposed by the tax ordinance, grantees who receive awards under the Amendment may be afforded certain tax benefits in Israel as described below.

The exercise price of stock options granted under the Plan must be equal to at least 100% of the fair market value of our common stock on the date of grant. If, however, incentive stock options are granted to an employee who owns stock possessing more than 10% of the voting power of all classes of our stock or the stock of any parent or subsidiary of our Company, the exercise price of any incentive stock option granted must equal at least 110% of the fair market value on the grant date and the maximum term of these incentive stock options must not exceed five years. The maximum term of all other awards must not exceed 10 years (or 5 years in the case of an incentive stock option granted to any participant who owns stock representing more than 10% of the voting power of all classes of our stock or the stock of any parent or subsidiary of our Company). The plan administrator will determine the exercise or purchase price (if any) of all other awards granted under the Plan.

Under the Plan, incentive stock options and options to Israeli grantees may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised during the lifetime of the participant only by the participant. Other awards shall be transferable by will or by the laws of descent or distribution and, during the lifetime of the participant, to the extent and in the manner authorized by the plan administrator by gift or pursuant to a domestic relations order to members of the participant’s immediate family. The Plan permits the designation of beneficiaries by holders of awards, including incentive stock options.

If the service of a participant in the Plan is terminated for any reason other than cause, the participant may exercise awards that were vested as of the termination date for a period ending upon the earlier of 12 months from the date of termination (or such shorter or longer period set forth in the award agreement) or the expiration date of the awards unless otherwise determined by the plan administrator. If the service of a participant in the Plan is terminated for cause, the participant may exercise awards that were vested as of the termination date for a period ending upon the earlier of 14 days from the date of termination (or such shorter or longer period set forth in the award agreement) or the expiration date of the awards unless otherwise determined by the plan administrator.

Performance Criteria.

Amendment, Suspension and Termination. The Board may at any time amend, suspend, or terminate the Plan; provided, however, that no such amendment shall be made without the approval of the Company’s

stockholders if such amendment would require stockholder approval under any other applicable law or regulation. Any amendment, suspension or termination of the Plan may not adversely affect the rights of any participant under an outstanding award (unless such participant's consent is obtained). Notwithstanding the foregoing, the reduction or increase of the exercise price of any stock option or the base appreciation amount of a SAR and the canceling of any stock option or SAR at a time when its exercise price or base appreciation amount exceeds the fair market value of the underlying shares in exchange for another award shall be subject to stockholder approval unless such exchange occurs in connection with a corporate transaction.

Corporate Transaction and Change in Control. In the event of a corporate transaction, all outstanding awards will terminate unless assumed by the successor corporation. Unless otherwise provided in a participant's award agreement, in the event of a corporate transaction and with respect to the portion of each award that is assumed or replaced, then such portion will automatically become fully vested and exercisable immediately upon termination of a participant's service if the participant is terminated by the successor company or us without cause within 12 months after the corporate transaction. With respect to the portion of each award that is not assumed or replaced, such portion of the award will automatically become fully vested and exercisable immediately prior to the effective date of the corporate transaction so long as the participant's service has not been terminated prior to such date.

In the event of a change in control, except as otherwise provided in a participant's award agreement, following a change in control (other than a change in control that also is a corporate transaction) and upon the termination of a participant's service without cause within 12 months after a change in control, each award of such participant that is outstanding at such time will automatically become fully vested and exercisable immediately upon the participant's termination.

Under the Plan, a corporate transaction is generally defined as:

- a merger or consolidation in which we are not the surviving entity, except for the principal purpose of changing our Company's state of incorporation;
- the sale, transfer or other disposition of all or substantially all of our assets;
- the complete liquidation or dissolution of our Company;
- any reverse merger in which we are the surviving entity but our shares of common stock outstanding immediately prior to such merger are converted or exchanged by virtue of the merger into other property, whether in the form of securities, cash or otherwise, or in which securities possessing more than forty percent (40%) of the total combined voting power of our outstanding securities are transferred to a person or persons different from those who held such securities immediately prior to such merger; or
- acquisition in a single or series of related transactions by any person or related group of persons (other than by us or by an employee benefit plan sponsored by us) of beneficial ownership of securities possessing more than fifty percent (50%) of the total combined voting power of our outstanding securities but excluding any such transaction or series of related transactions that the plan administrator determines not to be a corporate transaction (provided however that the plan administrator shall have no discretion in connection with a corporate transaction for the purchase of all or substantially all of our shares unless the principal purpose of such transaction is changing our Company's state of incorporation).

Under the Plan, a change of control is defined as:

- the direct or indirect acquisition by any person or related group of persons of beneficial ownership of securities possessing more than fifty percent (50%) of the total combined voting power of our outstanding securities pursuant to a tender or exchange offer made directly to our stockholders and which a majority of the members of our Board of Directors (who have generally been on our Board of Directors for at least 12 months) who are not affiliates or associates of the offeror do not recommend stockholders accept the offer; or

- a change in the composition of our Board of Directors over a period of 12 months or less, such that a majority of the members of our Board of Directors ceases, by reason of one or more contested elections for board membership, to be comprised of individuals who were previously directors of our Company.

Amendment, Suspension or Termination of the Plan. Unless terminated sooner, the Plan will automatically terminate on December 31, 2028. Our Board of Directors has the authority to amend, suspend or terminate the Plan. No amendment, suspension or termination of the Plan shall adversely affect any rights under awards already granted to a participant. To the extent necessary to comply with applicable provisions of federal securities laws, state corporate and securities laws, the Internal Revenue Code, the rules of any applicable stock exchange or national market system, and the rules of any non-U.S. jurisdiction applicable to awards granted to residents therein (including the tax ordinance), we shall obtain stockholder approval of any such amendment to the Plan in such a manner and to such a degree as required.

Amended Plan Benefits

The grant of awards under the Plan, including grants to our executive officers, is subject to the discretion of the plan administrator. Except as set forth below, the allocation of the new shares is not determinable at this time.

Certain Federal Tax Consequences

The following summary of the U.S. federal income tax consequences of the Plan transactions is based upon federal income tax laws in effect on the date of this Proxy Statement. This summary does not purport to be complete, and does not discuss state, local or non-U.S. tax consequences.

Nonqualified Stock Options. The grant of a nonqualified stock option under the Plan will not result in any U.S. federal income tax consequences to us or the participant, if a U.S. taxpayer. Upon exercise of a nonqualified stock option, the participant is subject to income taxes at the rate applicable to ordinary compensation income on the difference between the option exercise price and the fair market value of the shares at the time of exercise. This income is subject to withholding for U.S. federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the participant's subsequent disposition of the shares will receive long or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. We do not receive a tax deduction for any such gain.

A nonqualified stock option can be considered deferred compensation and be subject to Section 409A of the Code. A nonqualified stock option that does not meet the requirements of Code Section 409A can result in the acceleration of income recognition, an additional 20% tax obligation, plus penalties and interest.

Incentive Stock Options. The grant of an incentive stock option under the Plan will not result in any U.S. federal income tax consequences to us or the participant, if a U.S. taxpayer. A participant recognizes no federal taxable income upon exercising an incentive stock option (subject to the alternative minimum tax rules discussed below), and we receive no deduction at the time of exercise. In the event of a disposition of stock acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the participant has held the shares. If the participant does not dispose of the shares within two years after the incentive stock option was granted, nor within one year after the incentive stock option was exercised, the participant will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. We are not entitled to any deduction under these circumstances.

If the participant is a U.S. taxpayer and fails to satisfy either of the foregoing holding periods (referred to as a "disqualifying disposition"), he or she must recognize ordinary income in the year of the disposition.

The amount of ordinary income generally is the lesser of (i) the difference between the amount realized on the disposition and the exercise price or (ii) the difference between the fair market value of the stock at the time of exercise and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the stock was held for more than one year. We are entitled, in the year of the disqualifying disposition, to a deduction equal to the amount of ordinary income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the participant's total compensation is deemed reasonable in amount.

The "spread" under an incentive stock option — i.e., the difference between the fair market value of the shares at exercise and the exercise price — is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax. If a participant's alternative minimum tax liability exceeds such participant's regular income tax liability, the participant will owe the larger amount of taxes. In order to avoid the application of alternative minimum tax with respect to incentive stock options, the participant must sell the shares within the calendar year in which the incentive stock options are exercised. However, such a sale of shares within the year of exercise will constitute a disqualifying disposition, as described above.

Stock Appreciation Rights. Recipients of stock appreciation rights, or SARs, if U.S. taxpayers, generally should not recognize income until the SAR is exercised (assuming there is no ceiling on the value of the right). Upon exercise, the recipient will normally recognize taxable ordinary income for U.S. federal income tax purposes equal to the amount of cash and fair market value of the shares, if any, received upon such exercise. Recipients who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon exercise of a SAR. Recipients will recognize gain upon the disposition of any shares received on exercise of a SAR equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year. We will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

A SAR can be considered non-qualified deferred compensation and be subject to Section 409A of the Code. A SAR that does not meet the requirements of Code Section 409A can result in the acceleration of income recognition, an additional 20% tax obligation, plus penalties and interest.

Restricted Stock. The grant of restricted stock will subject the recipient to ordinary compensation income on the difference between the amount paid for such stock and the fair market value of the shares on the date that the restrictions lapse. This income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the ordinary income recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the recipient's subsequent disposition of the shares will receive long or short-term capital gain or loss treatment depending on how long the stock has been held since the restrictions lapsed. We do not receive a tax deduction for any such gain.

Recipients of restricted stock may make an election under Section 83(b) of the Code, or a Section 83(b) Election, to recognize as ordinary compensation income in the year that such restricted stock is granted, the amount equal to the spread between the amount paid for such stock and the fair market value on the date of the issuance of the stock. If such an election is made, the recipient recognizes no further amounts of compensation income upon the lapse of any restrictions and any gain or loss on subsequent disposition will be long or short-term capital gain to the recipient. The Section 83(b) Election must be made within 30 days from the time the restricted stock is issued.

Restricted Stock Units. Recipients of restricted stock units generally should not recognize income until such units are converted into cash or shares. Upon conversion, the recipient will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value of the shares, if any, received upon such conversion. Recipients who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon conversion of the restricted stock units. Participants will recognize gain upon the disposition of any shares

received upon conversion of the restricted stock units equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year. We will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

Restricted stock units also can be considered non-qualified deferred compensation and be subject to Section 409A of the Code. A grant of restricted stock units that is non-qualified deferred compensation but does not meet the requirements of Code Section 409A will result in an additional 20% tax obligation, plus penalties and interest to such recipient.

Dividends and Dividend Equivalents. Recipients of stock-based awards that earn dividends or dividend equivalents will recognize taxable ordinary income on any dividend payments received with respect to unvested and/or unexercised shares subject to such awards, which income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the income recognized by a participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the individual's total compensation is deemed reasonable in amount.

Impact of Israeli Tax Law

The awards granted to employees pursuant to Section 102 of the tax ordinance under the Plan may be designated by us as approved options under the capital gains alternative, or as approved options under the ordinary income tax alternative.

To qualify for these benefits, certain requirements must be met, including registration of the options in the name of a trustee. Each option, and any shares of common stock acquired upon the exercise of the option, must be held by the trustee for a period commencing on the date of grant and deposit into trust with the trustee and ending 24 months thereafter.

Under the terms of the capital gains alternative, we may not deduct expenses pertaining to the options for tax purposes.

Under the Plan, we may also grant to employees options pursuant to Section 102(c) of the tax ordinance that are not required to be held in trust by a trustee. This alternative, while facilitating immediate exercise of vested options and sale of the underlying shares, will subject the optionee to the marginal income tax rate of up to 50% as well as payments to the National Insurance Institute and health tax on the date of the sale of the shares or options. Under the 2006 Stock Incentive Plan, we may also grant to non-employees options pursuant to Section 3(I) of the tax ordinance. Under that section, the income tax on the benefit arising to the optionee upon the exercise of options and the issuance of common stock is generally due at the time of exercise of the options.

These options shall be further subject to the terms of the tax ruling that has been obtained by Protalix Ltd. from the Israeli tax authorities in connection with our merger in 2006. Under the tax ruling, the options issued by us in connection with the assumption of Section 102 options previously issued by Protalix Ltd. under the capital gains alternative shall be issued to a trustee, shall be designated under the capital gains alternative and the issuance date of the original options shall be deemed the issuance date for the assumed options for the calculation of the respective holding period.

PROPOSAL 5: AMENDMENT TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

On March 30, 2023, our Board of Directors authorized and approved an amendment to our Certificate of Incorporation, as amended (“Certificate”), to increase the number of authorized shares of our common stock from 144,000,000 to 185,000,000 (the “Amendment”). We are not proposing any change to the authorized number of shares of preferred stock. Under the Delaware General Corporation Law, we are required to obtain the affirmative vote of the holders of a majority of our outstanding shares of common stock to amend the Certificate to increase the number of authorized shares of common stock. Our Board of Directors determined that the Amendment is advisable and in the best interest of our Company and our stockholders, and recommends that our stockholders approve the Amendment.

As of April 30, 2023, 65,414,917 shares of our common stock were outstanding. As discussed in more detail in this Proposal 5, we have reserved approximately 5.7 million shares of common stock for issuances in connection with outstanding share-based incentives under our Existing Plan, approximately 14.6 million shares of common stock for issuances in connection with the exercise of our outstanding warrants (the “2020 Warrants”) and approximately 21.4 million shares for issuance in connection with conversion of our outstanding 7.50% convertible notes (the “2024 Notes”). The amount of unreserved, authorized shares leaves us with an insufficient number of shares of common stock for corporate purposes, and impedes and undermines our ability to raise capital in the future. If our stockholders do not approve this Proposal 5, we are left without the authorized shares of common stock necessary for us to pursue a variety of business and financial objectives without further action of our stockholders (except when required by applicable law or regulation). As a result, we believe that a delay in securing, or a failure to secure, stockholder approval of this Proposal 5 will limit our ability to pursue transactions that we believe are in the Company’s best interest and may impair the financial viability of our Company.

Description of Common Stock

The Certificate currently authorizes the issuance of 144,000,000 shares of common stock and 100,000,000 shares of preferred stock, par value \$0.0001 per share, for a total of 244,000,000 shares of capital stock. As of April 30, 2023, there were 65,414,917 shares of common stock issued and outstanding, and no shares of preferred stock issued and outstanding.

We have reserved a number of additional shares of common stock for future issuance under our equity compensation plan. As of December 31, 2022, 5,519,315 shares of common stock are reserved for issuance upon the exercise of outstanding stock options under the Existing Plan and 136,738 shares of common stock are reserved for issuance in connection with future grants of stock options and/or future issuances of shares under the plan. In addition, approximately 21.4 million shares of common stock are reserved for issuance upon conversions of 2024 Notes. A significant amount of the shares reserved for issuance upon the conversion of our outstanding convertible promissory notes includes shares issuable upon conversions that are effected in connection with a fundamental change, as described in the indentures governing 2024 Notes. Finally, approximately 14.6 million shares of common stock are reserved for issuance upon exercises of the 2020 Warrants. After taking into account the total number of shares of common stock issued and outstanding, in addition to the aggregate number of shares of common stock reserved for future issuance as described in this paragraph, we believe it is in the Company’s best interest to increase the amount of shares of our common stock that are authorized for issuance under the Certificate.

Purpose of the Amendment

Our Board of Directors believes that it is in our best interest, and in the best interest of our stockholders, to increase the number of authorized shares of common stock available for future issuance. The lack of authorized shares of common stock impedes and undermines our ability to raise capital in the future to finance the last steps needed to bring our pegunigalsidase alfa investigational drug candidate to its anticipated approval finance and the research and development activities to further enhance and strengthen our product development pipeline, among other corporate activities. Absent an increase in the authorized number of shares of common stock, we are left with limited flexibility with respect to the management of our capital structure. Consequently, we may elect to cash-settle at least part or all of our obligations upon the conversion of our 2024 Notes. In addition, we are limited in our ability to elect to redeem outstanding

convertible notes should we find it in our best interest to do so based on market conditions or other factors. Accordingly, our Board of Directors has determined that increasing the number of authorized shares of common stock available for future issuance will provide our Company with the ability to best manage our obligations under our 2024 Notes and greater flexibility in considering and planning our future business needs. Such plans may involve the issuance, from time to time, of additional shares of common stock.

As discussed above, if our stockholders do not approve this Proposal 5, we are left without the authorized shares of common stock necessary to pursue a variety of business and financial objectives without further action of the stockholders (except when required by applicable law or regulation). As a result, we believe that a delay in securing, or a failure to secure, stockholder approval of this Proposal 5 would impair the financial viability of our Company.

We anticipate that we may issue additional shares of common stock in the future in connection with one or more of the following:

- issuances in connection with the refinancing or retirement of our outstanding existing convertible notes;
- issuances pursuant to the conversion of outstanding or future convertible securities, including the 2020 Warrants;
- issuances in connection with the interest payments and make-whole payments under our outstanding convertible notes;
- issuances in connection with any partnerships, strategic alliances, collaborations or other similar transactions;
- issuances in connection with strategic investments;
- financing transactions, such as public or private offerings;
- issuances under current and future stock incentive plans;
- acquisitions;
- stock dividends;
- stock splits; and
- any other proper corporate purpose.

Our Board of Directors evaluates such opportunities, from time to time, and considers different capital structuring alternatives designed to advance our business strategy. If additional authorized shares of common stock are available, transactions dependent upon the issuance of additional shares would be less likely to be impeded or undermined by delays and uncertainties occasioned by the need to obtain prior stockholder authorization. Our Board of Directors will have the discretion to issue the shares of common stock without further stockholder action, except as may be required for a particular transaction by applicable law or regulation, or the NYSE American Company Guide. As of the date of this Proxy Statement, we have no specific plans, agreements or commitments to issue any shares of common stock for which approval of the proposed Amendment is required, except as described herein. Our Board of Directors believes the additional authorized shares will provide us with needed flexibility to issue shares of common stock in the future without the potential expense and delay incident to obtaining stockholder approval for a particular issuance. Our Board of Directors believes that a failure to approve this proposed Amendment will seriously restrict our ability to manage our capital needs and will be detrimental to the interests of our stockholders.

Possible Effects of the Amendment

The issuance of additional shares of common stock may, among other things, have a dilutive effect on earnings per share and on stockholders' equity and voting rights. Furthermore, future sales of substantial amounts of our common stock, or the perception that these sales might occur, could adversely affect the prevailing market price of our common stock or limit our ability to raise additional capital. Stockholders should recognize that, as a result of this proposal, they will own a smaller percentage of shares relative to the total authorized shares of our Company than they presently own.

Neither the Delaware General Corporation Law, the Certificate, nor our Bylaws provides for appraisal or other similar rights for dissenting stockholders in connection with this proposal. Accordingly, our stockholders will have no right to dissent and obtain payment for their shares.

The text of the proposed Amendment is set forth in Appendix B attached to this Proxy Statement, and this discussion is qualified in its entirety by reference to Appendix B. If this proposed Amendment is approved by the stockholders, it will become effective upon filing of a Certificate of Amendment with the Secretary of State of the State of Delaware. We expect to file the Certificate of Amendment promptly upon approval by our stockholders. In accordance with the Delaware General Corporation Law, however, our Board of Directors may elect to abandon the Amendment without further action by the stockholders at any time prior to the effectiveness of the filing of the Certificate of Amendment with the Secretary of State of the State of Delaware, notwithstanding stockholder approval of the Amendment.

Our Board of Directors recommends that stockholders vote “FOR” the approval of the Amendment to the Certificate of Incorporation, as amended, to Increase the Number of Authorized Shares of Common Stock from 144,000,000 to 185,000,000 as disclosed in this proxy statement and as described in this “Proposal 5: Amendment to Increase the Number of Authorized Shares of Common Stock.”

**PROPOSAL 6: RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our Board of Directors, upon the recommendation of its Audit and Finance Committee, has ratified the selection of Kesselman & Kesselman to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2023. The Audit and Finance Committee of our Board of Directors is solely responsible for selecting our independent public accountants. Although stockholder approval is not required to appoint Kesselman & Kesselman as our independent public accountant firm, we believe that submitting the appointment of Kesselman & Kesselman to our stockholders for ratification is a matter of good corporate governance. If our stockholders do not ratify the appointment, then the appointment may be reconsidered by the Audit and Finance Committee. Even if the appointment is ratified, the Audit and Finance Committee may engage a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interest of our Company and our stockholders. The proxy will be voted as specified, and if no specification is made, the proxy will be cast “FOR” this proposal.

During our fiscal year ended December 31, 2022, there were no disagreements with Kesselman & Kesselman on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which if not resolved to their satisfaction would have caused them to make reference to the subject matter of the disagreements in connection with their opinion.

The Audit and Finance Committee will consider whether the provision of any other services by Kesselman & Kesselman is compatible with maintaining the independence of Kesselman & Kesselman. The Audit and Finance Committee has concluded that Kesselman & Kesselman is independent.

We expect representatives of Kesselman & Kesselman will be present at the meeting. They will have the opportunity to make a statement if they desire to do so and are expected to be available to answer stockholders’ questions.

Our Board of Directors recommends that stockholders vote “FOR” the ratification of the appointment of Kesselman & Kesselman for the fiscal year ending December 31, 2023.

The following table sets forth fees billed to us by our independent registered public accounting firm during the fiscal years ended December 31, 2022 and 2021 for: (i) services rendered for the audit of our annual financial statements and the review of our quarterly financial statements; (ii) services by our independent registered public accounting firm that are reasonably related to the performance of the audit or review of our financial statements and that are not reported as Audit Fees; (iii) services rendered in connection with tax compliance, tax advice and tax planning; and (iv) all other fees for services rendered.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

Our Audit and Finance Committee has the sole authority to approve the scope of the audit and any audit-related services, as well as all audit fees and terms. The Audit and Finance Committee must pre-approve any audit and non-audit services provided by our independent registered public accounting firm. The Audit and Finance Committee will not approve the engagement of the independent registered public accounting firm to perform any services that the independent registered public accounting firm would be prohibited from providing under applicable laws, rules and regulations, including those of self-regulating organizations. The Audit and Finance Committee will approve permitted non-audit services by our independent registered public accounting firm only if it determines that using a different firm to perform

such services will be more effective or economical. The Audit and Finance Committee annually reviews and pre-approves the statutory audit fees that can be provided by the independent registered public accounting firm.

STOCKHOLDER PROPOSALS

All stockholder proposals intended to be presented at our 2024 Annual Meeting of Stockholders must be submitted in writing to Eyal Rubin, Corporate Secretary, Protalix BioTherapeutics, Inc., 2 University Plaza, Suite 100, Hackensack, NJ 07601, and received by us no later than January 10, 2024, and must comply in all other respects with applicable rules and regulations of the SEC relating to such inclusion. Such notice must include, with respect to each matter the stockholder proposes to bring before the meeting: (i) a brief description of the business desired to be brought before the meeting and the reasons for conducting such business at the meeting; (ii) the name and record address of the stockholder proposing such business; (iii) the class and number of shares of our Company which are beneficially owned by the stockholder; and (iv) any material interest of the stockholder in such business. In addition, the notice must include certain information relating to any derivative or hedging transactions by the stockholder delivering such notice and its Stockholder Associated Persons, as defined in our By-Laws, and other arrangements with other parties regarding our securities, as presented in detail in our By-Laws.

Any such proposal submitted with respect to our 2024 Annual Meeting of Stockholders which is submitted outside the requirements of Rule 14a-8 promulgated under the Exchange Act will be considered timely if we receive written notice of that proposal not less than 45 days nor more than 75 days prior to the date in 2024 on which we first mailed this proxy statement in 2023; however, if the date of the meeting is changed by more than 30 days from the date of the prior year's meeting, the notice will be considered untimely if it is not received at least 90 days prior to the newly announced date that we will mail our proxy statement.

ANNUAL REPORT TO STOCKHOLDERS

Our FY2022 Annual Report, which provides additional information about us, will be distributed to all stockholders entitled to vote along with the proxy materials. Additional copies of our FY2022 Annual Report are available on the Internet at <http://www.sec.gov> and <http://www.protalix.com> and are also available in paper form without charge upon written request to Investor Relations, Protalix BioTherapeutics, Inc., 2 University Plaza, Suite 100, Hackensack, NJ 07601.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders

sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are stockholders of our Company will be “householding” our proxy materials. A single proxy statement may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once a stockholder has received notice from its broker that it will be “householding” communications to such stockholder’s address, “householding” will continue until such stockholder is notified otherwise or until such stockholder notifies its broker or us that it no longer wishes to participate in “householding.” If, at any time, a stockholder no longer wishes to participate in “householding” and would prefer to receive a separate proxy statement and annual report in the future such stockholder may (1) notify its broker or (2) direct its written request to: Eyal Rubin, Corporate Secretary, Protalix BioTherapeutics, Inc., 2 University Plaza, Suite 100, Hackensack, NJ 07601, +1 (201) 696-9345. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request “householding” of their communications should contact their broker. In addition, we will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the annual report and proxy statement to such stockholders at a shared address to which a single copy of the documents was delivered.

OTHER MATTERS

Our Board of Directors knows of no other business to be acted upon at the meeting. However, if any other business properly comes before the meeting, it is the intention of the persons named in the enclosed proxy to vote on such matters in accordance with their best judgment.

The prompt return of your proxy is appreciated and will be helpful in obtaining the necessary vote. Therefore, whether or not you expect to attend the meeting please sign the proxy and return it in the enclosed envelope or vote by internet or telephone.

4. Administration of the Plan.

(a) Plan Administrator.

(i) Administration with Respect to Directors and Officers. With respect to grants of Awards to Directors or Employees who are also Officers or Directors of the Company, the Plan shall be administered by (A) the Board or (B) a Committee designated by the Board, which Committee shall be constituted in such a manner as to satisfy the Applicable Laws and to permit such grants and related transactions under the Plan to be exempt from Section 16(b) of the Exchange Act in accordance with Rule 16b-3. Once appointed, such Committee or Officer shall continue to serve in its/his/her designated capacity until otherwise directed by the Board.

(v) Administration Errors. In the event an Award is granted in a manner inconsistent with the provisions of this subsection (a), such Award shall be presumptively valid as of its grant date to the extent permitted by the Applicable Laws.

(b) Powers of the Administrator. Subject to Applicable Laws and the provisions of the Plan (including any other powers given to the Administrator hereunder), and except as otherwise provided by the Board, the Administrator shall have the authority, in its discretion:

(i) to select the Employees, Directors and Consultants to whom Awards may be granted from time to time hereunder;

- (viii) to grant Awards to Employees, Directors and Consultants employed outside the United States on such terms and conditions different from those specified in the Plan as may, in the judgment of the Administrator, be necessary or desirable to further the purpose of the Plan; and
- (ix) to designate Awards as 102 Options (whether through a trustee or not) or 3(I) Options subject to the limitations under the ITA or any other Applicable Law and to determine the type and route of the Trustee 102 Options.
- (x) to take such other action, not inconsistent with the terms of the Plan, as the Administrator deems appropriate.

The express grant in the Plan of any specific power to the Administrator shall not be construed as limiting any power or authority of the Administrator; provided that the Administrator may not exercise any right or power reserved to the Board. Any decision made, or action taken, by the Administrator or in connection with the administration of this Plan shall be final, conclusive and binding on all persons having an interest in the Plan.

(c) Indemnification. In addition to such other rights of indemnification as they may have as members of the Board or as Officers or Employees of the Company or a Related Entity, members of the Board and any Officers or Employees of the Company or a Related Entity to whom authority to act for the Board, the Administrator or the Company is delegated shall be defended and indemnified by the Company to the extent permitted by law on an after-tax basis against all reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any claim, investigation, action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan, or any Award granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by the Company) or paid by them in satisfaction of a judgment in any such claim, investigation, action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such claim, investigation, action, suit or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct; provided, however, that within thirty (30)

days after the institution of such claim, investigation, action, suit or proceeding, such person shall offer to the Company, in writing, the opportunity at the Company's expense to defend the same.

5. Eligibility. Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants. Incentive Stock Options may be granted only to Employees of the Company or a Parent or a Subsidiary of the Company. An Employee, Director or Consultant who has been granted an Award may, if otherwise eligible, be granted additional Awards. Awards may be granted to such Employees, Directors or Consultants who are residing in non-U.S. jurisdictions as the Administrator may determine from time to time, provided however that Awards to Israeli Grantees under Section 102 or Section 3(I) of the Tax Ordinance shall be subject to Section 20 below.

The Company does not warrant that the Plan will be recognized by the income tax authorities in any jurisdiction or that future changes will not be made to the provisions of applicable laws or rules or regulations which are promulgated from time to time thereunder, or that any exemption or benefit currently available, whether by the ITA pursuant to Section 102 or otherwise, will not be abolished.

6. Terms and Conditions of Awards.

(a) Types of Awards. The Administrator is authorized under the Plan to award any type of arrangement to an Employee, Director or Consultant that is not inconsistent with the provisions of the Plan and that by its terms involves or might involve the issuance of (i) Shares, (ii) cash or (iii) an Option, a SAR, or similar right with a fixed or variable price related to the Fair Market Value of the Shares and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions. Such awards include, without limitation, Options, SARs, sales or bonuses of Restricted Stock, Restricted Stock Units or Dividend Equivalent Rights, and an Award may consist of one such security or benefit, or two (2) or more of them in any combination or alternative.

(b) Designation of Award. Each Award shall be designated in the Award Agreement. In the case of an Option, the Option shall be designated as either an Incentive Stock Option or a Non-Qualified Stock Option and with respect to Israeli Grantees may be further designated as 102 Options or 3(I) Options under the Tax Ordinance subject to the qualifications described in Section 20 below. However, notwithstanding such designation, an Option will qualify as an Incentive Stock Option under the Code only to the extent the \$100,000 limitation of Section 422(d) of the Code is not exceeded. The \$100,000 limitation of Section 422(d) of the Code is calculated based on the aggregate Fair Market Value of the Shares subject to Options designated as Incentive Stock Options which become exercisable for the first time by a Grantee during any calendar year (under all plans of the Company or any Parent or Subsidiary of the Company). For purposes of this calculation, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the grant date of the relevant Option. In the event that the Code or the regulations promulgated thereunder are amended after the date the Plan becomes effective to provide for a different limit on the Fair Market Value of Shares permitted to be subject to Incentive Stock Options, then such different limit will be automatically incorporated herein and will apply to any Options granted after the effective date of such amendment.

(c) Conditions of Award. Subject to the terms of the Plan, the Administrator shall determine the provisions, terms, and conditions of each Award including, but not limited to, the Award vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, Shares, or other consideration) upon settlement of the Award, payment contingencies, and satisfaction of any performance criteria. The performance criteria established by the Administrator may be based on any one of, or combination of, the following: (i) increase in share price, (ii) earnings per share, (iii) total stockholder return, (iv) operating margin, (v) gross margin, (vi) return on equity, (vii) return on assets, (viii) return on investment, (ix) operating income, (x) net operating income, (xi) pre-tax profit, (xii) cash flow, (xiii) revenue, (xiv) expenses, (xv) earnings before interest, taxes and depreciation, (xvi) economic value added and (xvii) market share. The performance criteria may be applicable to the Company, Related Entities and/or any individual business units of the Company or any Related Entity. Partial achievement of the specified criteria may result in a payment or vesting corresponding to the degree of achievement as specified in the Award Agreement. In addition, the performance criteria shall

be calculated in accordance with generally accepted accounting principles, but excluding the effect (whether positive or negative) of any change in accounting standards and any extraordinary, unusual or nonrecurring item, as determined by the Administrator, occurring after the establishment of the performance criteria applicable to the Award intended to be performance-based compensation. Each such adjustment, if any, shall be made solely for the purpose of providing a consistent basis from period to period for the calculation of performance criteria in order to prevent the dilution or enlargement of the Grantee's rights with respect to an Award intended to be performance-based compensation.

(d) Acquisitions and Other Transactions. The Administrator may issue Awards under the Plan in settlement, assumption or substitution for, outstanding awards or obligations to grant future awards in connection with the Company or a Related Entity acquiring another entity, an interest in another entity or an additional interest in a Related Entity whether by merger, stock purchase, asset purchase or other form of transaction.

(e) Deferral of Award Payment. The Administrator may establish one or more programs under the Plan to permit selected Grantees the opportunity to elect to defer receipt of consideration upon exercise of an Award, satisfaction of performance criteria, or other event that absent the election would entitle the Grantee to payment or receipt of Shares or other consideration under an Award. The Administrator may establish the election procedures, the timing of such elections, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts, Shares or other consideration so deferred, and such other terms, conditions, rules and procedures that the Administrator deems advisable for the administration of any such deferral program.

(f) Separate Programs. The Administrator may establish one or more separate programs under the Plan for the purpose of issuing particular forms of Awards to one or more classes of Grantees on such terms and conditions as determined by the Administrator from time to time.

(g) Individual Limitations on Awards.

(i) Individual Limit for Options and SARs. The maximum number of Shares with respect to which Options and SARs may be granted to any Grantee in any calendar year shall be ~~8,475,171~~12,475,171 Shares. Shares which shall not count against the limit set forth in the previous sentence. The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below. To the extent required by Section 162(m) of the Code or the regulations thereunder, in applying the foregoing limitations with respect to a Grantee, if any Option or SAR is canceled, the canceled Option or SAR shall continue to count against the maximum number of Shares with respect to which Options and SARs may be granted to the Grantee. For this purpose, the repricing of an Option (or in the case of a SAR, the base amount on which the stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Common Stock) shall be treated as the cancellation of the existing Option or SAR and the grant of a new Option or SAR.

(ii) Individual Limit for Restricted Stock and Restricted Stock Units. For awards of Restricted Stock and Restricted Stock Units that are intended to be Performance-Based Compensation, the maximum number of Shares with respect to which such Awards may be granted to any Grantee in any calendar year shall be ~~8,475,171~~12,475,171 Shares. The foregoing limitation shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below.

(iii) Deferral. If the vesting or receipt of Shares under an Award is deferred to a later date, any amount (whether denominated in Shares or cash) paid in addition to the original number of Shares subject to such Award will not be treated as an increase in the number of Shares subject to the Award if the additional amount is based either on a reasonable rate of interest or on one or more predetermined actual investments such that the amount payable by the Company at the later date will be based on the actual rate of return of a specific investment (including any decrease as well as any increase in the value of an investment).

(h) Early Exercise. The Award Agreement may, but need not, include a provision whereby the Grantee may elect at any time while an Employee, Director or Consultant to exercise any part or all of

the Award prior to full vesting of the Award. Any unvested Shares received pursuant to such exercise may be subject to a repurchase right in favor of the Company or a Related Entity or to any other restriction the Administrator determines to be appropriate.

(i) Term of Award. The term of each Award shall be the term stated in the Award Agreement, provided, however, that the term of an Award shall be no more than ten (10) years from the date of grant thereof. However, in the case of an Incentive Stock Option granted to a Grantee who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the term of the Incentive Stock Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Award Agreement.

(j) Transferability of Awards. Incentive Stock Options or Options to Israeli Grantees may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Grantee, only by the Grantee. Other Awards shall be transferable (i) by will and by the laws of descent and distribution and (ii) during the lifetime of the Grantee, to the extent and in the manner authorized by the Administrator but only to the extent such transfers are made to family members, to family trusts, to family controlled entities, to charitable organizations, and pursuant to domestic relations orders or agreements, in all cases without payment for such transfers to the Grantee. Notwithstanding the foregoing, the Grantee may designate one or more beneficiaries of the Grantee's Award in the event of the Grantee's death on a beneficiary designation form provided by the Administrator.

(k) Time of Granting Awards. The date of grant of an Award shall for all purposes be the date on which the Administrator makes the determination to grant such Award, or such other date as is determined by the Administrator.

7. Award Exercise or Purchase Price, Consideration and Taxes.

(iv) with respect to Options, payment through a broker-dealer sale and remittance procedure pursuant to which the Grantee (A) shall provide written instructions to a Company designated brokerage firm to effect the immediate sale of some or all of the purchased Shares and remit to the Company sufficient funds to cover the aggregate exercise price payable for the purchased Shares and (B) shall provide written directives to the Company to deliver the certificates for the purchased Shares directly to such brokerage firm in order to complete the sale transaction; or

(v) with respect to Options, payment through a "net exercise" such that, without the payment of any funds, the Grantee may exercise the Option and receive the net number of Shares equal to (i) the number of Shares as to which the Option is being exercised, multiplied by (ii) a fraction, the numerator of which is the Fair Market Value per Share (on such date as is determined by the Administrator) less the Exercise Price per Share, and the denominator of which is such Fair Market Value per Share (the number of net Shares to be received shall be rounded down to the nearest whole number of Shares);

(vi) any combination of the foregoing methods of payment.

The Administrator may at any time or from time to time, by adoption of or by amendment to the standard forms of Award Agreement described in Section 4(b)(iv), or by other means, grant Awards which do not permit all of the foregoing forms of consideration to be used in payment for the Shares or which otherwise restrict one or more forms of consideration.

(c) Taxes. No Shares shall be delivered under the Plan to any Grantee or other person until such Grantee or other person has made arrangements acceptable to the Administrator for the satisfaction of any non-U.S., federal, state, or local income and employment tax withholding obligations, including, without limitation, obligations incident to the receipt of Shares. Upon exercise or vesting of an Award the Company shall withhold or collect from the Grantee an amount sufficient to satisfy such tax obligations, including, but not limited to, by surrender of the whole number of Shares covered by the Award sufficient to satisfy the minimum applicable tax withholding obligations incident to the exercise or vesting of an Award (reduced to the lowest whole number of Shares if such number of Shares withheld would result in withholding a fractional Share with any remaining tax withholding settled in cash).

8. Exercise of Award.

(a) Procedure for Exercise; Rights as a Stockholder.

(i) Any Award granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator under the terms of the Plan and specified in the Award Agreement provided however that the standard vesting schedule for Israeli Grantees shall be as set forth in Section 20.

(ii) An Award shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Award by the person entitled to exercise the Award and full payment for the Shares with respect to which the Award is exercised has been made, including, to the extent selected, use of the broker-dealer sale and remittance procedure to pay the purchase price as provided in Section 7(b).

(b) Exercise of Award Following Termination of Continuous Service. In the event of termination of a Grantee's Continuous Service for any reason other than Cause, Disability or death, such Grantee may, but only within twelve (12) months from the date of such termination (or such longer or shorter period as specified in the Award Agreement but in no event later than the expiration date of the term of such Award as set forth in the Award Agreement), exercise the portion of the Grantee's Award that was vested at the date of such termination or such other portion of the Grantee's Award as may be determined by the Administrator. To the extent that the Grantee's Award was unvested at the date of termination, or if Grantee does not exercise the vested portion of the Grantee's Award within the time specified herein, the Award shall terminate.

(c) Exercise of Award Following Termination of Continuous Service for Cause. In the event of termination of a Grantee's Continuous Service for Cause, such Grantee may, but only within fourteen (14) days from the date of such termination (or such longer or shorter period as specified in the Award Agreement but in no event later than the expiration date of the term of such Award as set forth in the Award Agreement), exercise the portion of the Grantee's Award that was vested at the date of such termination or such other portion of the Grantee's Award as may be determined by the Administrator. To the extent that the Grantee's Award was unvested at the date of termination, or if Grantee does not exercise the vested portion of the Grantee's Award within the time specified herein, the Award shall terminate.

(e) Death of Grantee. In the event of a termination of the Grantee's Continuous Service as a result of his or her death, or in the event of the death of the Grantee during the post-termination exercise periods following the Grantee's termination of Continuous Service specified in this Section 8, above, the Grantee's estate or a person who acquired the right to exercise the Award by bequest or inheritance may exercise the portion of the Grantee's Award that was vested as of the date of termination or such other portion of the Grantee's Award as may be determined by the Administrator, within twelve (12) months from the date of death (or such longer or shorter period as specified in the Award Agreement but in no event later than the expiration of the term of such Award as set forth in the Award Agreement). To the extent that, at the time of death, the Grantee's Award was unvested, or if the Grantee's estate or a person who acquired the right to exercise the Award by bequest or inheritance does not exercise the vested portion of the Grantee's Award within the time specified herein, the Award shall terminate.

(f) The holder of an Option shall have none of the rights of a stockholder with respect to the Shares subject to the Option until such shares are transferred to the holder (or the Trustee, if applicable) upon the exercise of the Option.

9. Conditions Upon Issuance of Shares.

(a) If at any time the Administrator determines that the delivery of Shares pursuant to the exercise, vesting or any other provision of an Award is or may be unlawful under Applicable Laws, the vesting or right to exercise an Award or to otherwise receive Shares pursuant to the terms of an Award shall be suspended until the Administrator determines that such delivery is lawful and shall be further

subject to the approval of counsel for the Company with respect to such compliance. The Company shall have no obligation to effect any registration or qualification of the Shares under federal or state laws or other Applicable Laws.

(b) As a condition to the exercise of an Award, the Company may require the person exercising such Award make such representations and warranties which, in the opinion of the Company, are required to ensure that such exercise, or a subsequent sale or disposition of any Shares obtained upon such exercise, does not contravene any Applicable Law, including inter alia, representations and warranties at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any Applicable Laws.

(c) Unless otherwise set forth in an Award Agreement, Shares issued to a Grantee or the Trustee, as applicable, shall be subject to such restrictions as required by the appropriate securities' law and in the event that the Company's shares shall be registered for trading in any public market, Grantee's rights to sell the Shares may be subject to certain limitations (including a lock-up period), as will be requested by the Company or its underwriters, and the Grantee by executing an Award Agreement unconditionally agrees and accepts any such limitations and undertakes to further execute any agreement as may be requested by the Company or its underwriters from time to time.

10. Adjustments Upon Changes in Capitalization. Subject to any required action by the stockholders of the Company, the number of Shares covered by each outstanding Award, and the number of Shares which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan, the exercise or purchase price of each such outstanding Award, the maximum number of Shares with respect to which Awards may be granted to any Grantee in any calendar year, as well as any other terms that the Administrator determines require adjustment shall be proportionately adjusted for (i) any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Shares, or similar transaction affecting the Shares, (ii) any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company, or (iii) any other transaction with respect to Common Stock including a corporate merger, consolidation, acquisition of property or stock, separation (including a spin-off or other distribution of stock or property), reorganization, liquidation (whether partial or complete) or any similar transaction; provided, however that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." In the event of any distribution of cash or other assets to stockholders other than a normal cash dividend, the Administrator shall also make such adjustments as provided in this Section 10 or substitute, exchange or grant Awards to effect such adjustments (collectively "adjustments"). Any such adjustments to outstanding Awards will be effected in a manner that precludes the enlargement of rights and benefits under such Awards. In connection with the foregoing adjustments, the Administrator may, in its discretion, prohibit the exercise of Awards or other issuance of Shares, cash or other consideration pursuant to Awards during certain periods of time. Except as the Administrator determines, no issuance by the Company of shares of any class, or securities convertible into shares of any class, shall affect, and no adjustment by reason hereof shall be made with respect to, the number or price of Shares subject to an Award.

11. Corporate Transactions and Changes in Control.

(a) Termination of Award to Extent Not Assumed in Corporate Transaction. Effective upon the consummation of a Corporate Transaction, all outstanding Awards under the Plan shall terminate. However, all such Awards shall not terminate to the extent they are Assumed in connection with the Corporate Transaction.

Acceleration of Award Upon Corporate Transaction or Change in Control.

Corporate Transaction. Except as provided otherwise in an individual Award Agreement, in the event of a Corporate Transaction and:

for the portion of each Award that is Assumed or Replaced, then such Award (if Assumed), the replacement Award (if Replaced), or the cash incentive program (if Replaced) automatically shall become fully vested, exercisable and payable and be released from any

repurchase or forfeiture rights (other than repurchase rights exercisable at Fair Market Value) for all of the Shares (or other consideration) at the time represented by such Assumed or Replaced portion of the Award, immediately upon termination of the Grantee's Continuous Service if such Continuous Service is terminated by the successor company or the Company without Cause within twelve (12) months after the Corporate Transaction; and

for the portion of each Award that is neither Assumed nor Replaced, such portion of the Award shall automatically become fully vested and exercisable and be released from any repurchase or forfeiture rights (other than repurchase rights exercisable at Fair Market Value) for all of the Shares (or other consideration) at the time represented by such portion of the Award, immediately prior to the specified effective date of such Corporate Transaction, provided that the Grantee's Continuous Service has not terminated prior to such date.

Change in Control. Except as provided otherwise in an individual Award Agreement, following a Change in Control (other than a Change in Control which also is a Corporate Transaction) and upon the termination of the Continuous Service of a Grantee if such Continuous Service is terminated by the Company or Related Entity without Cause within twelve (12) months after a Change in Control, each Award of such Grantee which is at the time outstanding under the Plan automatically shall become fully vested and exercisable and be released from any repurchase or forfeiture rights (other than repurchase rights exercisable at Fair Market Value), immediately upon the termination of such Continuous Service.

Effect of Acceleration on Incentive Stock Options. Any Incentive Stock Option accelerated under this Section 11 in connection with a Corporate Transaction or Change in Control shall remain exercisable as an Incentive Stock Option under the Code only to the extent the \$100,000 dollar limitation of Section 422(d) of the Code is not exceeded.

12. Effective Date and Term of Plan. The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the stockholders of the Company. It shall continue in effect until December 31, 2028 unless sooner terminated. Subject to Section 17, below, and Applicable Laws, Awards may be granted under the Plan upon its becoming effective.

13. Amendment, Suspension or Termination of the Plan.

(a) The Board may at any time amend, suspend or terminate the Plan; provided, however, that no such amendment shall be made without the approval of the Company's stockholders to the extent such approval is required by Applicable Laws, or if such amendment would lessen the stockholder approval requirements of Section 4(b)(vi) or this Section 13(a).

(b) No Award may be granted during any suspension of the Plan or after termination of the Plan.

(c) No suspension or termination of the Plan (including termination of the Plan under Section 11, above) shall adversely affect any rights under Awards already granted to a Grantee.

14. Reservation of Shares.

(a) The Company, during the term of the Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

(b) The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

15. No Effect on Terms of Employment/Consulting Relationship. The Plan shall not confer upon any Grantee any right with respect to the Grantee's Continuous Service, nor shall it interfere in any way with his or her right or the right of the Company or any Related Entity to terminate the Grantee's Continuous Service at any time, with or without cause, including but not limited to, Cause, and with or without notice. The ability of the Company or any Related Entity to terminate the employment of a Grantee who is employed

at will is in no way affected by its determination that the Grantee's Continuous Service has been terminated for Cause for the purposes of this Plan.

16. No Effect on Retirement and Other Benefit Plans. Except as specifically provided in a retirement or other benefit plan of the Company or a Related Entity, Awards shall not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the Company or a Related Entity, and shall not affect any benefits under any other benefit plan of any kind or any benefit plan subsequently instituted under which the availability or amount of benefits is related to level of compensation. The Plan is not a "Pension Plan" or "Welfare Plan" under the Employee Retirement Income Security Act of 1974, as amended.

17. Stockholder Approval. The grant of Incentive Stock Options under the Plan shall be subject to approval by the stockholders of the Company within twelve (12) months before or after the date the Plan is adopted excluding Incentive Stock Options issued in substitution for outstanding Incentive Stock Options pursuant to Section 424(a) of the Code. Such stockholder approval shall be obtained in the degree and manner required under Applicable Laws. The Administrator may grant Incentive Stock Options under the Plan prior to approval by the stockholders, but until such approval is obtained, no such Incentive Stock Option shall be exercisable. In the event that stockholder approval is not obtained within the twelve (12) month period provided above, all Incentive Stock Options previously granted under the Plan shall be exercisable as Non-Qualified Stock Options.

18. Unfunded Obligation. Grantees shall have the status of general unsecured creditors of the Company. Any amounts payable to Grantees pursuant to the Plan shall be unfunded and unsecured obligations for all purposes, including, without limitation, Title I of the Employee Retirement Income Security Act of 1974, as amended. Neither the Company nor any Related Entity shall be required to segregate any monies from its general funds, or to create any trusts, or establish any special accounts with respect to such obligations. The Company shall retain at all times beneficial ownership of any investments, including trust investments, which the Company may make to fulfill its payment obligations hereunder. Any investments or the creation or maintenance of any trust or any Grantee account shall not create or constitute a trust or fiduciary relationship between the Administrator, the Company or any Related Entity and a Grantee, or otherwise create any vested or beneficial interest in any Grantee or the Grantee's creditors in any assets of the Company or a Related Entity. The Grantees shall have no claim against the Company or any Related Entity for any changes in the value of any assets that may be invested or reinvested by the Company with respect to the Plan.

19. Construction. Captions and titles contained herein are for convenience only and shall not affect the meaning or interpretation of any provision of the Plan. Except when otherwise indicated by the context, the singular shall include the plural and the plural shall include the singular. Use of the term "or" is not intended to be exclusive, unless the context clearly requires otherwise.

20. Israeli Grantees. This Section shall apply only to Israeli Grantees and is intended to enable the Company to grant Awards under the Plan pursuant and subject to Section 102 and Section 3(I) of the Tax Ordinance. Accordingly, the Plan is designated to comply with the Tax Ordinance and the rules, regulations and orders or procedures promulgated thereunder from time to time, as amended or replaced from time to time and shall be submitted to the ITA as required thereunder.

In any case of contradiction, whether explicit or implied, between the provisions of this Section and the Plan, the provisions set out in this Section shall prevail unless the Administrator decides otherwise to ensure compliance with the Tax Ordinance and other Applicable Laws.

(a) Eligibility. 102 Options may be granted only to Israeli Employees. Non-Employees may only be granted 3(I) Options. The grant of an Award hereunder shall neither entitle the Grantee to participate nor disqualify the Israeli Grantee from participating in, any other grant of Awards pursuant to the Plan or any other option or stock plan of the Company or any Related Company.

(b) Grant of Awards in Trust

(i) Grants Made Under Section 102.

The Company may designate 102 Options as Trustee 102 Options or Non-Trustee 102 Options. The designation of Non-Trustee 102 Options and Trustee 102 Options shall be subject to the terms and conditions set forth in Section 102 of the Tax Ordinance and the regulations promulgated thereunder.

(ii) Grant of Trustee 102 Options.

(1) The grant of the Trustee 102 Options shall be made under the Plan and shall be conditional upon the approval of the Plan by the ITA. Trustee 102 Options may be granted at any time after the passage of thirty (30) days following the delivery by the Company to the ITA of a notice pertaining to the appointment of the Trustee and the adoption of the Plan, unless otherwise determined by the ITA. Options which shall be granted pursuant to Section 102 and/or any Shares issued upon exercise of such Options and/or other shares received subsequently following any realization of rights, shall be issued to the Trustee. Each Israeli Grantee in respect of whom a Trustee 102 Option is granted and held in trust by the Trustee shall be referred to as a "beneficial optionee" hereunder.

(2) Trustee 102 Option(s) may either be classified as Capital Gain Option(s) or Ordinary Income Option(s):

(A) Trustee 102 Option(s) elected and designated by the Company to qualify under the capital gain tax treatment in accordance with the provisions of Section 102(b)(2) shall be referred to herein as "Capital Gain Option(s)" or "CGO".

(B) Trustee 102 Option(s) elected and designated by the Company to qualify under the ordinary income tax treatment in accordance with the provisions of Section 102(b)(1) shall be referred to herein as "Ordinary Income Option(s)" or "OIO".

(3) The Company's election of the type of Trustee 102 Options as CGO or OIO granted to Employees (the "Election") shall be appropriately filed with the ITA 30 days before the date of grant of a Trustee 102 Option, unless otherwise determined by the ITA. Such Election shall become effective beginning the first date of grant of a Trustee 102 Option under this Plan and shall remain in effect until the end of the year following the year during which the Company first granted Trustee 102 Options. The Election shall obligate the Company to grant only the type of Trustee 102 Option it has elected, and shall apply to all Israeli Grantees who were granted Trustee 102 Options during the period indicated herein or therein, all in accordance with the provisions of Section 102(g) of the Tax Ordinance. Notwithstanding, such Election shall not prevent the Company from granting Non-Trustee 102 Options simultaneously.

(4) All Trustee 102 Options must be held in trust by and issued on the name of the Trustee, as described below.

(5) With respect to Trustee 102 Options, the provisions of the Plan and/or an Award Agreement shall be subject to the provisions of Section 102 and the ITA's permit, and the said provisions and permit shall be deemed an integral part of this Section and of the Award Agreement for the respective Grantees thereof. Any provision of Section 102 and/or the said permit which is necessary in order to receive and/or to keep any tax benefit pursuant to Section 102, which is not expressly specified in the Plan or the Award Agreement, shall be considered binding upon the Company and the Israeli Grantee.

(iii) Issuance to Trustee.

(1) All Trustee 102 Options granted under the Plan and/or any Shares allocated or issued upon exercise of such Trustee 102 Options and/or other and all rights deriving from or in connection therewith, including, without limitation, in accordance with Section 10 above

or any bonus shares or stock dividends issued in connection therewith shall be granted by the Company to the Trustee, and the Trustee shall hold each such Trustee 102 Option and the Shares issued upon exercise thereof in trust for such period of time as required by Section 102 or any regulations, rules or orders or procedures promulgated thereunder (the "Holding Period"), for the benefit of the Grantees in respect of whom such Trustee 102 Option was granted. All certificates representing Shares issued to the Trustee under the Plan shall be deposited with the Trustee, and shall be held by the Trustee until such time that such Shares are released from the Trust as herein provided.

(2) In event the requirements for Trustee 102 Options are not met for any reason whatsoever, then the Trustee 102 Options may be treated as Non-Trustee 102 Options, all in accordance with the provisions of Section 102 and regulations promulgated thereunder.

(3) With respect to any Trustee 102 Option, subject to the provisions of Section 102 and any rules or regulations or orders or procedures promulgated thereunder, an Israeli Grantee shall not be entitled to sell or release from Trust the Trustee 102 Option, the Shares received upon the exercise of such Option and/or any right deriving from or in connection therewith, including, without limitation, in accordance with Section 10 above or any bonus shares or stock dividends issued in connection therewith, until the later of: (i) the lapse of the Holding Period required under Section 102, and (ii) the vesting of such Options set forth in the respective Award Agreement (such later date being hereinafter referred to as the "Release Date"). Notwithstanding the foregoing, if such sale or release occurs during the Holding period, the provisions of Section 102 and the rules or regulations promulgated thereunder shall apply and any expenses and/or tax consequences therefrom shall be borne by the Israeli Grantee.

(4) Subject to the terms hereof, at any time after the Release Date with respect to any Trustee 102 Options or Shares the following shall apply:

(A) Trustee 102 Options granted, and/or Shares or rights issued to the Trustee shall continue to be held by the Trustee, on behalf of the beneficial optionee. From and after the Release Date, upon the written request of any beneficial optionee, the Trustee shall release from the Trust the Trustee 102 Options granted, and/or the Shares or rights issued, on behalf of such beneficial optionee, by executing and delivering to the Company such instrument(s) as the Company may require, giving due notice of such release to such beneficial optionee, provided, however, that the Trustee shall not so release any such Trustee 102 Options and/or Shares and/or rights to such beneficial optionee unless the latter, prior to, or concurrently with, such release, provides the Trustee with evidence, satisfactory in form and substance to the Trustee, that all taxes, if any, required to be paid upon such release have, in fact, been paid.

(B) Alternatively, from and after the Release Date, upon the written instructions of the beneficial optionee to sell any Shares and rights issued upon exercise of Trustee 102 Options, the Trustee shall use its best efforts to effect such sale and shall transfer such Shares to the purchaser thereof concurrently with the receipt, or after having made suitable arrangements to secure the payment, of the purchase price in such transactions. The Trustee shall withhold from such proceeds any and all taxes required to be paid in respect of such sale, shall remit the amount so withheld to the appropriate tax authorities and shall pay the balance thereof directly to the beneficial optionee, reporting to such beneficial optionee and to the Company the amount so withheld and paid to said authorities.

(C) Notwithstanding the foregoing, in the event the underwriters of securities of the Company impose restrictions on the transferability of the Shares during a lock-up period, the beneficial optionee shall not be entitled to release from Trust the Trustee 102 Options granted and/or the Shares issued and/or to instruct the Trustee to effect a sale of same, for as long as the restrictions are in effect. In the event the Trustee 102 Options granted and/or the Shares issued have been released from trust the restrictions imposed

on the transferability of same shall nevertheless apply to said optionee's Trustee 102 Options and/or Shares in the same manner. Consequently, the Israeli Grantee shall sign any documents required in order to effect the restrictions, for as long as the restrictions are in effect.

(D) Upon receipt of the Award, the Israeli Grantee will sign an undertaking to release the Trustee from any liability in respect of any action or decision duly taken and bona fide executed in relation with the Plan, or any Option or Share or rights granted to same thereunder. The Trustee may establish additional terms and conditions in connection with Awards held in trust by the Trustee.

(iv) Grant of Non-Trustee 102 Options

(1) Awards granted pursuant to this subsection are intended to constitute Non-Trustee 102 Options and shall be subject to the general terms and conditions of the Plan and Section 20, except for provisions of the Plan applying to Trustee 102 Awards or Options under a different tax law or regulation.

(2) With respect to Non-Trustee 102 Options, if the Grantee ceases to be employed by or of service to the Company or a Related Company, the Grantee may be required to extend to the Company a security or guarantee for the payment of tax due at the time of sale of Shares or other rights, all in accordance with the provisions of Section 102 and the rules, regulation or orders promulgated thereunder.

(v) Grants Made Under Section 3(I). Awards granted pursuant to this subsection are intended to constitute 3(I) Options and shall be subject to the general terms and conditions of the Plan and Section 20 thereof, except for said provisions of the Plan applying to Awards under a different tax law or regulation. The Administrator may choose to deposit the Awards granted pursuant to Section 3(I) of the Tax Ordinance with a trustee. In such event, said trustee shall hold such Option in trust, until exercised by the Grantee, pursuant to the Company's instructions from time to time. If determined by the Administrator, the trustee shall be responsible for withholding any taxes to which a Grantee become liable upon the exercise of Options.

(c) Award Agreement. Without derogating from the powers of the Administrator under the Plan, the Administrator shall adopt the form of Award Agreement for Israeli Grantees in form acceptable by the ITA and in compliance with the Tax Ordinance. The Award Agreement shall further indicate the type of Options (102, 3(I), Trustee, Non-Trustee etc.) granted thereunder.

(d) Vesting. Without derogating from the terms of any Award Agreement or the discretionary authority of the Administrator, the standard vesting for Options to Israeli Grantees shall be as follows:

(i) Twenty five percent (25%) of the Options granted under each Award Agreement shall vest on the end of the first year of Continuous Service following the vesting commencement date determined by the Administrator and if not specified the date of the grant of an Option (the "First Anniversary"); and

(ii) The remaining 75% of the Options shall vest on a quarterly basis over a period of three years commencing as of the First Anniversary in twelve (12) equal portions subject to Continuous Service of the Grantee.

(e) With respect to all Shares (in contrast to unexercised Options) allocated or issued upon the exercise of Options by the Israeli Grantee, the Grantee shall be entitled to receive dividends in accordance with the quantity of such Shares, subject however to any applicable taxation on distribution of dividends. Subject to the Tax Ordinance and any restrictions imposed by the Trustee or the ITA, during the period in which Shares are held by the Trustee on behalf of the Israeli Grantee, the cash dividends paid with respect thereto shall be paid directly to the Grantee after deduction of withholding tax applicable thereto.

(f) Without derogating from anything in the Plan, to the extent permitted by Applicable Laws, any tax consequences, attributable to the Israeli Grantee, arising from the grant or exercise of any

Option, from the payment for Shares covered thereby or from any other event or act (of the Company, a Related Company, the Trustee or the Grantee), hereunder, shall be borne solely by the Grantee. The Company and/or a Related Company and/or the Trustee shall withhold taxes according to the requirements under the Applicable Laws, rules, and regulations, including withholding taxes at source. Furthermore, to the extent permitted by Applicable Law, the Grantee shall agree to indemnify the Company and/or a Related Company and/or the Trustee and hold them harmless against and from any and all liability for any such tax or interest or penalty thereon, including without limitation, liabilities relating to the necessity to withhold, or to have withheld, any such tax from any payment made to the Grantee. The Administrator and/or the Trustee shall not be required to release any Share certificate to a Grantee until all required payments have been fully made.

The Plan, to the extent applicable to Israeli Grantees, shall be governed by and construed and enforced in accordance with the laws of the State of Israel applicable to contracts made and to be performed therein, without giving effect to the principles of conflict of laws. The competent courts of Tel-Aviv, Israel shall have sole jurisdiction in any matters pertaining to Israeli Grantees.
