ITEM 1. DESCRIPTION OF BUSINESS

BACKGROUND

Orthodontix, Inc. (the "Company") was formed as Embassy Acquisition Corp., a Florida corporation, in November 1995 for the purpose of effecting a merger with an operating business. In April 1998, the Company merged with an orthodontic practice management company and acquired certain assets and assumed certain liabilities of 26 orthodontic practices (the "Practices") in exchange for shares of the Company's Common Stock and the entering into of practice management service agreements with the Practices (the "Merger"). Upon completing the Merger, the Company changed its name to Orthodontix, Inc. and began managing the business aspects of the Practices, including billing, collections, cash management and payroll processing, in exchange for a management fee.

CESSATION OF THE ORTHODONTIC PRACTICE MANAGEMENT BUSINESS OF THE COMPANY

By November 1999, the Company had ceased providing practice management services to all the Practices and by May 15, 2001, the Company had terminated its affiliation with all the Practices. In connection with the termination of its affiliations and the cessation of its practice management business, the Company sold certain practice assets back to the Practices and assumed certain liabilities. During April and May 2001, certain of the Company's executive officers resigned and returned to the Company shares of its Common Stock and options to acquire Common Stock. The Company recorded the sales of all the practice assets and the shares of Common Stock returned in connection with the resignations of management as of December 31, 2000 and December 31, 2001, and such transactions are reflected in the Company's Annual Reports on Form 10-KSB for the years then ended. See "MANAGEMENT'S DISCUSSION AND ANALYSIS AND PLAN OF OPERATION" at page 3 for a further discussion.

FUTURE PLANS

Following the cessation of the orthodontic practice management business, the Company has tried to effect a merger, acquisition or other business combination with an operating company utilizing any combination of its Common Stock, cash on hand, or other funding sources that the Company reasonably believes are available. Since June 2001, management has devoted substantially all of its time to identifying potential merger or acquisition candidates. The Company is searching for an established business, principally in South Florida, and the Company has evaluated more than 100 such companies operating in selected industries, including business services, health care, manufacturing, distribution, aviation, pharmaceutical and banking.

Although the Company believes that it will be successful in consummating a business combination with an operating company, there can be no assurances that the Company will enter into such a transaction in the near term or on terms favorable to the Company, or that other funding sources will be available.

1

EMPLOYEES

Except for Glenn L. Halpryn, the Company's Chief Executive Officer, the Company currently has no full-time or part-time employees. The Company's Acting Chief Financial Officer, Alan Jay Weisberg, is compensated by the Company on a project basis through the accounting firm of Weisberg Brause & Co., a firm in which Mr. Weisberg is a shareholder.

ITEM 2. DESCRIPTION OF PROPERTY

The Company currently maintains, at no cost to the Company, its executive offices in approximately 500 square feet of office space located at 1428 Brickell Avenue, Suite 105, Miami, Florida 33131. Such office space represents a portion of the corporate offices of Transworld Investment Corporation ("TIC"), a company in which Glenn L. Halpryn and Noah Silver, directors and executive officers of the Company, are officers and directors.

ITEM 3. LEGAL PROCEEDINGS

None

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

During the fourth quarter of the year ended December 31, 2002, no matters were submitted to a vote of security holders of the Company.

The high and low bid prices for such periods are interdealer prices, without retail mark-up, mark-down or commissions and may not represent actual transactions.

The Company has approximately 59 stockholders of record as of March 21, 2003, inclusive of those brokerage firms and/or clearinghouses holding the Company's shares of Common Stock for their clientele (with each such brokerage house and/or clearing- house being considered as one holder).

The Company has not paid or declared any dividends upon its Common Stock since its inception and does not contemplate or anticipate paying any dividends upon its Common Stock in the foreseeable future.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS AND PLAN OF OPERATION

The following discussion with regard to the Company's financial condition and results contains certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are based on current plans and expectations of the Company and involve substantial risks and uncertainties that could cause actual future activities and results of operations to be materially different from those set forth in the forward-looking statements.

Important factors that could cause actual results to differ from the Company's plans and expectations include, among others, the Company's inability to consummate an acquisition of an operating business on terms favorable to the Company or, in the event the Company does consummate the transaction contemplated, the Company's ability to successfully manage and operate the combined business.

The discussion of the Company's financial condition and plan of operation, should be read in conjunction with the Company's Financial Statements and Notes thereto included elsewhere in this Report.

FINANCIAL RESULTS FOR THE YEARS ENDED DECEMBER 31, 2002 AND DECEMBER 31, 2001.

REVENUES. The Company had ceased providing orthodontics practice management services to the Practices as of November 1999 and accordingly, no management service fee revenue or other operating revenue was recorded by the Company during the years ended December 31, 2002 and 2001. The Company does not expect to generate operating revenue until such time as the Company consummates a business combination with an operating company.

GENERAL AND ADMINISTRATIVE EXPENSES. General and administrative expenses were approximately \$166,000 and \$292,000 for the years ended December 31, 2002 and 2001, respectively. During 2002, such expenses consisted primarily of executive officer compensation totaling approximately \$54,000, insurance of approximately \$23,000, and legal and accounting costs amounting to approximately \$66,000.

The Company incurred costs during the year ended December 31, 2001 in connection with the termination of its practice management business, but no such costs were incurred during the year ended December 31, 2002. The Company anticipates that its general and administrative expenses will remain low until such time as the Company effects a merger or other business combination with an operating company.

3

INTEREST INCOME. Interest income of approximately \$16,000 and \$57,000 for the years ended December 31, 2002 and 2001, respectively, represents interest earned on excess cash balances invested primarily in short-term money market accounts. The decrease in interest income for year 2002 is primarily attributable to lower market rates of interest combined with the Company's having less excess cash invested during the year.

NET LOSS. For the years ended December 31, 2002 and 2001, the Company recorded a net loss of approximately \$150,000 and \$329,000, respectively, or \$0.05 and \$.10 per share, respectively. Included in the financial results for 2001 is a \$94,000 loss relating to the Company's termination of its last affiliation with an orthodontic practice, which occurred in May 2001.

The Company does not expect to generate net income, if at all, until such time as it effects a business combination with an operating company. However, in the event that the Company does consummate a merger or an acquisition of an operating company, there can be no assurances that the combined operation will operate profitably.

LIQUIDITY AND CAPITAL RESOURCES/PLAN OF OPERATION

As of December 31, 2002, the Company had cash and cash equivalents of approximately \$808,000 and total liabilities of approximately \$79,000. The Company's cash is currently invested in money market accounts and overnight repurchase agreements. The Company continues to anticipate that the primary uses of working capital will include general and administrative expenses and costs associated with seeking to locate and consummate a business combination. The Company believes that its operating funds will be sufficient for its cash expenses for at least the next twelve months. At December 31, 2002, the Company had no ongoing contractual commitments.

Management of the Company intends to continue devoting substantially all of its time to identifying merger or acquisition candidates, targeting established businesses that operate principally in South Florida and in selected industries, including business services, health care, manufacturing, distribution, aviation, pharmaceutical and banking. The Company has evaluated more than 100 such businesses since June 2001. In the event the Company locates an acceptable operating business, the Company intends to effect the transaction utilizing any combination of its Common Stock, cash on hand, or other funding sources that the Company reasonably believes are available. However, there can be no assurances that the Company will be able to consummate a merger or acquisition of an operating business on terms favorable to the Company, or that other funding sources will be available.

ITEM 7. FINANCIAL STATEMENTS

The financial statements included herein, commencing at page F-1, have been prepared in accordance with the requirements of Regulation S-B.

ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ORTHODONTIX, INC.
Notes to Financial Statements
December 31, 2002 and 2001

1. Description of Business

On April 16, 1998, Orthodontix, Inc. and subsidiaries ("Orthodontix" or the "Company") consummated a merger (the "Merger") with Embassy Acquisition Corp. ("Embassy"), a publicly held Florida corporation. Simultaneously with the closing of the Merger, the Company acquired certain assets and assumed certain liabilities of 26 orthodontic practices (the "Founding Practices") (collectively referred to as the "Affiliated Acquisitions").

During the year ended December 31, 1999, the Company began to terminate its affiliation with the Founding Practices. In connection with the termination of its affiliation with the Founding Practices, the Company sold certain practice assets, consisting principally of accounts receivable and property and equipment, to the Founding Practices and the Founding Practices assumed certain liabilities in exchange for cash and shares of the Company's common stock. As of December 31, 2000, the Company had terminated its affiliation with 25 Founding Practices. The Company terminated its affiliation with the one remaining Founding Practice during the year ended December 31, 2001 (see Note 4).

The accompanying financial statements have been prepared on the basis which assumes that the Company will continue to operate as a going concern and which contemplates the realization of assets and the satisfaction of liabilities and commitments in the normal course of business. The Company has generated an accumulated deficit of approximately \$3.4 million at December 31, 2002 as a result of operations and the termination of its affiliation with the Founding Practices. The Company incurred net losses of approximately \$150,000 and \$329,000 for the years ended December 31, 2002 and 2001, respectively.

The Company currently intends to effect a merger, acquisition or other business combination with an operating company utilizing any combination of its common stock, cash on hand or other funding sources that the Company believes are available. Since June 2001, management has devoted substantially all of its time to identifying potential merger or acquisition candidates. There can be no assurances that management's efforts to consummate a merger, acquisition or business combination with an operating company or management's efforts to identify other funding sources will be successful. The Company anticipates that its current working capital is sufficient to fund its operating expenses at their current level for at least the next twelve months.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements include the accounts of Orthodontix and its wholly owned subsidiaries. All significant intercompany transactions have been eliminated in the preparation of the financial statements for the year ended December 31, 2001. During the year ended December 31, 2002, the Company liquidated the Company's remaining wholly owned subsidiaries. The financial statements at December 31, 2002 include the accounts of Orthodontix.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid financial instruments with maturities of 90 days or less at the date of purchase to be cash equivalents.

The Company maintains its cash and cash equivalents, which consist principally of demand deposit accounts and money market accounts, with financial institutions. The balance in demand deposit accounts, at times, may exceed FDIC insurance limits.

Income Taxes

The Company utilizes the liability method of accounting for income taxes. The liability method requires recognition of deferred tax assets and liabilities based on the differences between the financial statement and the tax bases of assets and liabilities using enacted tax rates and laws in effect in the years in which the differences are expected to reverse. Deferred tax assets are also established for the future tax benefits of loss and credit carryovers.

F-8

ORTHODONTIX, INC.
Notes to Financial Statements
December 31, 2002 and 2001

Earnings Per Share

Basic earnings per share is calculated by dividing the net income or loss by the weighted average number of common and potential common shares outstanding during the period. Potential common shares consist of the dilutive effect of outstanding options calculated using the treasury stock method. There are no potential common shares as of December 31, 2002 and 2001.

Stock Options

The Company accounts for options granted to employees under the Company's Option Plan (see Note 8) using the intrinsic value method. The Company has chosen not to apply the fair value accounting rules in the statements of operations for employee stock-based compensation but such treatment is required for non-employee stock-based compensation. The Company has chosen the alternative to disclose pro forma net loss and loss per share as if the fair value accounting rules were used for options granted to employees.

Had compensation for stock options been determined based on fair value accounting rules, there would be no impact on the Company's net loss and net loss per share--basic and diluted for the years ended December 31, 2002 and 2001.

New Accounting Pronouncements

In December 2002, Statement of Financial Accounting Standards No. 148, "Accounting for Stock-Based Compensation--Transition and Disclosure--an amendment to FAS 123," ("FASB No. 148") was issued. This statement amends FAS No. 123 to provide alternative methods of transition for a voluntary change to the fair market based method of accounting for stock based employee compensation. In addition, this statement amends the disclosure requirements of FAS No. 123 to require prominent disclosures in financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. The majority of the provisions of this statement are effective for financial statements for fiscal years ending after December 15, 2002. The Company has implemented the disclosure requirements of FAS No. 148 in the accompanying financial statements.

On May 14, 2001, the Company terminated its affiliation with the one remaining Founding Practice owned by Dr. Stephen M. Grussmark and sold certain practice assets, consisting of accounts receivable and property and equipment. In addition, the Founding Practice assumed certain liabilities. The carrying value of the practice assets sold less liabilities assumed was \$15,065 at the date of the transaction. In connection with this transaction, the Company received 96,571 shares of the Company's common stock from the remaining Founding Practice. In addition, in connection with this transaction, the Company paid \$115,000 for the return of an additional 345,385 shares of the Company's common stock. The Company also paid \$30,000 for legal expenses in connection with the transaction. All the shares received from Dr. Grussmark have been cancelled and are no longer outstanding.

In connection with these transactions, the Company and Dr. Grussmark executed certain mutual releases and Dr. Grussmark resigned as the Company's Chief Executive Officer and a member of the Company's Board of Directors.
